**Re: UG-220697 – Annual Purchased Gas Cost and Deferred Gas Cost Amortization
Adjustments – REPLACEMENT EXHIBIT PAGE**

On September 14, 2022, Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), filed revisions to its Tariff WN U-6, stated to become effective with service on and after November 1, 2022 in this docket.

In that filing, NW Natural included a copy of the customer notice that will be published in the Company's customer newsletter, the Comfort Zone, in accordance with WAC 480-90-198 and WAC 480-90-194(5).

On September 29, 2022, NW Natural filed a residential rate mitigation plan in docket UG-220794, which included a request for rates effective November 1, 2022. NW Natural has updated the customer notice to include the rate mitigation proposal.

The enclosed copy of the customer notice replaces the customer notice included as page 16 of Exhibit A from the September 14, 2022 filing. This updated customer notice, which now includes the rate mitigation proposal, will be published in the Comfort Zone and will also be provided to the newspapers within the Company's Washington service territory.
