Re: UG-230763 Annual Purchased Gas Cost and Deferred Gas Cost Amortization Adjustments and Combined Effects of all November 1, 2023 Rate Changes – Correction to Cover Letter

On September 15, 2023, Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), filed tariff revisions in this docket relating to its annual purchased gas adjustment and combined effects of all the rate changes proposed for an effective date of November 1, 2023.

The Company has since discovered an error in a statement in the cover letter of the September 15 filing and provides the enclosed corrected statement. Please note that the error affects only the cover letter and that the underlying rates and supporting detail of the rates remain unchanged and were correct as filed.

Below is the statement that was included in the September 15 cover letter under the “Proposed Changes” section of the letter within the section “1 Purchased Gas Adjustment (PGA),” at the top of page 3. Redline edits have been made to the statement to reflect the correction.

The net effect of the combined purchased gas adjustments in this filing is an increase ~~decrease~~ of \$0.01614 ~~03912~~ per therm for firm sales rate schedules and an increase ~~decrease~~ of \$0.00327 ~~04131~~ per therm for interruptible sales rate schedules.
