Seeking Exemption from the Provisions of  
WAC 480-70-351(2) Relating to Recycling

in accordance with WAC 480-70-271(2)(a).

DOCKET TG-240114

ORDER 01

GRANTING EXEMPTION FROM  
RULE; GRANTING LESS THAN  
STATUTORY NOTICE

**BACKGROUND**

- 1 On February 16, 2024, Sound Disposal Holdings, Inc., d/b/a Sound Disposal (Sound Disposal or Company) filed with the Washington Utilities and Transportation Commission (Commission) a request petitioning an exemption from WAC 480-70-351(2), RCW 81.28.050, WAC 480-70-266, and WAC 480-70-271 (2)(a) (Petition).
- 2 WAC 480-70-351(2) requires solid waste companies that estimate the revenue from the sale of recyclable materials collected in residential curbside programs as part of a deferred accounting program to return recycling revenues or charges to customers to use the most recent 12-month historical period to estimate the revenue for the next 12 months.
- 3 In its Petition, Sound Disposal explains that due to the volatility in the recycling commodity markets, the Company is respectfully requesting a waiver from WAC 480-70-351(2). The Company submits that its calculation uses the most recent six-month historical period to estimate the recycling commodity processing expense/commodity adjustment.
- 4 RCW 81.28.050 and WAC 480-70-266 require 45 days' notice to the Commission prior to the effective date of the tariff. The Company submitted tariff sheets to the Commission on February 16, 2024, and was asked for a corrected cover letter. On February 20, 2024, the corrected cover letter was submitted with a proposed effective date of April 1, 2024, which provides less than 45 days' notice. The Company also asked to notify customers on the first billing in accordance with WAC 480-70-271(2)(a). Sound Disposal stated it

has experienced decreasing recycling costs over the last six months and wants to pass these changes on to its customers as soon as possible.

- 5 Commission staff (Staff) reviewed the request and Staff recommends granting Sound Disposal's request for exemption.

### DISCUSSION

- 5 We agree with Staff that because of the volatility in the recycling commodity markets, an exemption from WAC 480-70-315(2) should be allowed. Pursuant to WAC 480-07-110, the Commission may, in response to a request or on its own motion, grant an exemption from its own rules when "consistent with the public interest, the purposes underlying regulation, and applicable statutes." Granting the exemption will help keep the commodity price adjustment less volatile from year to year. This exemption is subject to the condition that Sound Disposal must file another commodity price adjustment with the Commission, with an effective date of October 1, 2024.

- 6 We further agree allowing the lower rates into effect on less-than-statutory notice is consistent with the public interest. Pursuant to WAC 480-70-276, the Commission may allow tariff revisions for solid waste collection companies on less than statutory notice when there is an emergency or when merit is shown. Accordingly, we grant Sound Disposal's Petition.

### FINDINGS AND CONCLUSIONS

- 7 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, and affiliated interests of public service companies, including solid waste companies.
- 8 (2) Sound Disposal is engaged in the business of providing solid waste services within the state of Washington and is a public service company subject to Commission jurisdiction.
- 9 (3) Sound Disposal is subject to WAC 480-70-351(2), which requires solid waste companies that estimate the revenue from the sale of recyclable materials collected in residential curbside programs as part of a deferred accounting program to return recycling revenues or charges to customers must use the most recent 12-month historical period to estimate the revenue for the next 12 months.

- 10 (4) Sound Disposal is subject to RCW 81.28.050 and WAC 480-70-266, which require solid waste companies to file changes in any rate or charge with 45 days' notice. For good cause shown, however, the Commission may allow changes without requiring 45 days' notice by order specifying the changes to be made and the time when it shall take effect. See also WAC 480-70-276.
- 11 (5) Under WAC 480-70-051, the Commission may grant an exemption from the provisions of any rule in WAC 480-70 if doing so is consistent with the public interest, the purposes underlying regulation, and applicable statutes. See also WAC 480-07-110.
- 12 (6) Staff has reviewed Sound Disposal's request in Docket TG-240114 and recommends the Commission grant the Company's less than statutory notice request. Staff further recommends the Commission grant an exemption from WAC 480-70-271 and require Sound Disposal to notify customers in its next billing.
- 13 (7) This matter came before the Commission at its regularly scheduled meeting on March 28, 2024.
- 14 (8) After reviewing the Petition filed in Docket TG-240114 by Sound Disposal on February 16, 2024, and giving due consideration, the Commission finds that the exemption is in the public interest and is consistent with the purposes underlying the regulation and applicable statutes and should be granted.
