**BACKGROUND**

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated second amended agreement (Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between Advanced TelCom, Inc., (Advanced TelCom), f/k/a Advanced TelCom Group, Inc., and Verizon Northwest Inc., (Verizon), f/k/a GTE Northwest Incorporated. The Commission approved an interconnection agreement between the parties on March 10, 2000. On April 26, 2000, the Commission approved a request to adopt and amend the terms of the interconnection agreement approved in Docket UT-980370, as a first amended agreement. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval. On June 27, 2001, the parties filed a joint request to amend their agreement.

**MEMORANDUM**

2 The Amended Agreement between Advanced TelCom and Verizon was brought before the Commission at its regularly scheduled open public meeting held on July 25, 2001, at its offices in Olympia, Washington. The Commission granted its approval of the Amended Agreement as negotiated and requested by the parties.

**FINDINGS OF FACT**

3 The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfer of public service companies, including telecommunications companies.

4 Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:

- (i) the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

5 Verizon is engaged in the business of furnishing telecommunications services, including, but not limited to, basic local exchange service within the state of Washington.

6 Advanced TelCom is authorized to provide telecommunications services to the public in the state of Washington.

7 The Commission approved an interconnection agreement between the parties on March 10, 2000,. On April 26, 2000, the Commission approved a request to adopt and amend the terms of the interconnection agreement approved in Docket UT-980370, as a first amended agreement. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval.

8 On June 27, 2001, the parties filed with the Commission a joint request for approval to amend their previously approved interconnection agreement, pursuant to the Telecom Act.

9 Advanced TelCom and Verizon voluntarily negotiated the entire amendment.

10 The Amended Agreement does not discriminate against any other telecommunications carrier.

11 The Amended Agreement will facilitate local exchange competition in the state of Washington by enabling Advanced TelCom to expand its presence in the local exchange market and increase customer choices for local exchange services.

### CONCLUSIONS OF LAW

12 The Commission has jurisdiction over the subject matter and all parties to this proceeding.

13 The Amended Agreement is consistent with the public interest, convenience, and necessity.

17 In the event that the parties revise, modify, or amend the agreement approved in this order, the revised, modified, or amended agreement will be deemed to be a new negotiated agreement under the Telecom Act and must be submitted to the Commission for approval, pursuant to 47 U.S.C. § 252(e)(1) and relevant provisions of state law, prior to taking effect.

18 The laws and regulations of the State of Washington and Commission orders govern the construction and interpretation of the Amended Agreement. The Amended Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.
