**Comments** Thanks for considering my comments, Along with my family and friends I am a frequent traveler to the Stehekin area. I am in support of the addition of back country travels services they are providing including more flexible times and additional options for travel to speaking. We have tried bringing our own boat to deal with some of the issues we've encounter but find this to be too much of a hassle for short trips. Additionally without some sort of competition the existing monopoly tends to be unfriendly and not conducive to supporting traveling to the area. I'm sure I'm not the only traveler to the area that would encourage you to support additional access to Stehekin and the surrounding area. And respectful, free markets with competition seems better than a monopoly for all concerned. With the exception of the monopoly of corse.
