**Targeted Engagement Efforts**

As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, Qwest Corporation d/b/a CenturyLink QC (Washington) (“CenturyLink”) extended invitations to the above listed tribal entities to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(5)) which at a minimum, would include:

- (i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and
- (v) Compliance with Tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that Tribal and non-Tribal business entities, whether located on or off Tribal lands, must obtain upon application to the relevant Tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, Tribal members, or Tribal lands. These include certificates of public convenience and necessity, Tribal business licenses, master licenses, and other related forms of Tribal government licensure.

**Correspondence Resulting from Targeted Engagement Efforts**

CenturyLink received the following response to the outreach letters sent in 2021:

**Lummi Tribe:** Lumen continues to communicate with the Tribe on a relocation project of certain facilities on tribal lands which were completed in November 2021.

**Muckleshoot Indian Tribe** – We are in regular contact with the tribe to partner on various projects. We will continue to partner with the Tribe as they apply for and receive NTIA grant monies and as opportunities arise for CenturyLink services.

Good Day,

CenturyLink values its relationship with your tribe and the opportunity to offer services within the Tribal lands. CenturyLink strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), CenturyLink extends an invitation to meet at your convenience to discuss these topics :

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

To request a meeting, please respond to this letter at the number below with proposed topics, dates and times.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

The federal Universal Service Fund High Cost Program – also known as the Connect America Fund, or CAF – is designed to improve availability of modern communications services at reasonable rates in rural, insular and other underserved areas. The Program provides funding to telecommunications carriers to expand availability of voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service

Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at [form481@usac.org](mailto:form481@usac.org) to request an authorization form.

CenturyLink looks forward to working with you.

Sincerely,

CenturyLink

Good Day,

CenturyLink values its relationship with your tribe and the opportunity to offer services within the Tribal lands. CenturyLink strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), CenturyLink extends an invitation to meet at your convenience to discuss these topics :

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

To request a meeting, please respond to this letter at the number below with proposed topics, dates and times.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

The federal Universal Service Fund High Cost Program – also known as the Connect America Fund, or CAF – is designed to improve availability of modern communications services at reasonable rates in rural, insular and other underserved areas. The Program provides funding to telecommunications carriers to expand availability of voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service

Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at [form481@usac.org](mailto:form481@usac.org) to request an authorization form.

CenturyLink looks forward to working with you.

Sincerely,

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

The federal Universal Service Fund High Cost Program – also known as the Connect America Fund, or CAF – is designed to improve availability of modern communications services at reasonable rates in rural, insular and other underserved areas. The Program provides funding to telecommunications carriers to expand availability of voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible Telecommunications Carriers (ETCs) that receive High Cost Support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service Administrative Company (USAC). This Form collects financial and operational information used to validate carrier funding.

The FCC has charged USAC to provide tribal governments access to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 System, you should contact the High Cost Division at [form481@usac.org](mailto:form481@usac.org) to request an authorization form.

CenturyLink looks forward to working with you.

Good Day,

CenturyLink values its relationship with your tribe and the opportunity to offer services within the Tribal lands. CenturyLink strives to maintain a positive relationship through ongoing communications and periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), CenturyLink extends an invitation to meet at your convenience to discuss these topics :

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements.

To request a meeting, please reply to all on this email or at the number below with proposed topics, dates and times.

Also, CenturyLink would like to take this opportunity to remind you of changes to the Lifeline program. In March 2016, the FCC announced a plan to include broadband data communications services, in addition to voice communications services as part of the Lifeline program. CenturyLink is proud to participate in the Lifeline program. Please respond if you are interested in receiving information and resources regarding CenturyLink's Lifeline program.

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost Program.

## **1210 Terms & Conditions of Voice Telephony Lifeline Plans**

CenturyLink, Inc. has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$5.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a one-time Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential voice service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain number of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

**NOTES:**

1. (210), (220), (400) – (420), (515) These questions are not applicable per FCC 17-87 released July 7, 2017.
2. (610) Section 54.313(a) (1) requires ETCs to make certifications as to their ability to remain functional in emergency situations as set forth in section 54.202(a) (2). The certification is attached.
3. (810) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, and affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
4. (810) – (813) and (1210) – (1223) CenturyLink is a designated eligible telecommunications carrier that receives Universal Service Support for High Cost Areas under 47 C.F.R. 54 subpart D. Therefore, CenturyLink is only subject to subpart (a) of 47 C.F.R. §54.422 as it applies to this filing.
5. (900) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction.
6. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.
7. (1010) 47 C.F.R. §54.313(a) (2) requires a certification that the pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. The certification is attached.
8. (1030) 47 C.F.R. §54.313(a) (3) requires a certification that the pricing of a service that meets the Commission's broadband public interest obligations is no more than the applicable benchmark to be announced annually in a public notice issued by the Wireline Competition Bureau, or is no more than the non-promotional price charged for a comparable fixed wireline service in urban areas in the states or U.S. Territories where the eligible telecommunications carrier receives support. The certification is attached.
9. (1130) This question is not applicable. This company has existing terrestrial backhaul options.
10. (1220) Due to character size limitations in the form, some links were truncated. To read complete terms and conditions, please visit the following website: <http://www.centurylink.com/aboutus/legal/tariff-library.html?search=tariffs>.
11. (2015) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

12. (2015), (2017) – (2018) Connect America Fund Phase 2 program acceptance and commitments are at a state-wide level. State level reporting is recorded on one study-area per state.
13. (2017c) Reported capital expenditures represent investments in specific Connect America Fund Phase 2 (“CAF II”) projects. There may be additional investments in facilities which would benefit CAF II areas that are not reflected in this response.
14. (2018) CenturyLink has provided Connect America Fund Phase 2 community anchor institutions that were enabled and listed as anchor institutions on the National Broadband Map.
15. (3008) – (3034) These questions are not applicable. This company is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.
16. (4001) – (4003) These questions are not applicable. This company is not a Rural Broadband Experiment participant.
17. (5010) – (9060) These questions are not applicable. This company is not a participant in these programs.
18. (10010) – (10014) This section is not applicable.
