DATE PREPARED:	April 29 ,2020	WITNESS:	Ryan Metzger
DOCKET:	TG-200083	RESPONDER:	Ryan Metzger
REQUESTER:	Washington Utilities and Transportation Commission Staff	TELEPHONE:	(206) 920-8106

UTC STAFF DATA REQUEST NO. 2: For each category listed, please provide a document or worksheet that shows the amount collected (either by the number of items collected, or by the gross weight of the items collected in that category) by Ridwell on a monthly basis from November 4, 2019, through April 1, 2020.

RESPONSE:

Ridwell compiles the information on a monthly basis. Attached is an Excel spreadsheet with the requested information from the beginning of November, 2019, through April 1, 2019. For two categories, batteries and light bulbs, we have recorded the actual weights that are provided to us by the recipient of the material. In others we have made estimates. For those categories, we have actual pickup counts and then have an average for what each of the categories weigh. Clothing, for example, was approximately 3 pounds per stop so we then multiply the stops by 3 to get the estimated weight per month.
