RE: Dockets UE-220053, UG-22054, and UE-210854 –Performance Based Ratemaking Metrics Compliance Filing

Dear Mr. Killip:

In compliance with paragraph 99 and 193 of Final Order 10/04 in Dockets UE-220053, UG-220054, and UE-210854 (*Consolidated*), Avista Corporation, dba Avista Utilities (Avista or the Company), hereby provides its 2024 Annual and Fourth Quarter 2024 Performance Based Ratemaking (PBR) metrics. These metrics can also be found on the Company's website at <https://www.myavista.com/about-us/our-rates-and-tariffs/washington-pbr-metrics>. Note the Company has developed an interactive map for viewing certain reliability metrics by census tract and in Named Communities, which can be found at the link listed above.

Additionally, data for several of the Company's Greenhouse Gas Emission metrics is not available until June 2025. Avista will provide updates for these metrics through a supplemental compliance filing when the information is available.

Lastly, the Company identified errors in its income model and prior calculations used in its previously reported affordability metrics, which have been remedied. In addition to 2024 affordability PBR data, Affordability metrics have been updated for 2022 and 2023.

If you have any questions regarding this filing, you can contact me at 509-495-2782 or shawn.bonfield@avistacorp.com.

Sincerely,

/s/ Shawn Bonfield
