**RE: Correction - Copy of FCC ETC Report (481 Data) and Request for Confidential Treatment
Docket No. UT-133009**

Lewis River Telephone Company (the "Company") is hereby re-submitting a copy of its 481 filing. In late October, USAC notified the Company that the line 510 and 610 information was incomplete. Missing from each was a document describing *how* the Company meets its Service Quality Standards and Consumer Protection Rules and *how* it Functions in an Emergency. Rather than sending just those pages to be inserted into the first filing, a complete set of both the Confidential and Redacted versions is being sent along with the FCC cover letters.

Pursuant to the Code of Federal Regulations cited in the FCC letter and WAC 480-07-160, Company requests that certain portions of its FCC Form 481 as outlined in the FCC letter be treated as confidential information and not subject to public inspection.

Company respectfully requests that the Washington Utilities and Transportation Commission afford this information the same confidential treatment that has been sought from the FCC as public disclosure would cause significant commercial and competitive harm to the Company.

Please contact the undersigned should you have any questions concerning the Company's request for confidentiality.

Sincerely,

A handwritten signature in black ink that reads "Bruce Schiefelbein".
