**Re: UT-090842 – Joint Application of Verizon Communications Inc. and Frontier Communications Corporation for an Order Declining to Assert Jurisdiction Over, or, in the Alternative, Approving the Indirect Transfer of Control of Verizon Northwest Inc.**

Dear Mr. Danner:

On April 16, 2010, the Washington State Utilities and Transportation Commission (“WUTC”) issued a Final Order in the above-referenced matter. In the Settlement Agreement with Staff of the WUTC (“Staff”), Frontier Communications Northwest (“Frontier”) agreed to submit an initial plan for broadband deployment and to consult with Staff regarding the geographic scope and timelines for implementation (Settlement paragraph 17). Frontier met with and consulted with Staff on September 23, 2010 regarding its broadband deployment plan which was subsequently filed with the WUTC on September 29, 2010. Frontier filed updates to the plan on December 20, 2010, February 10, 2011 and February 28, 2011 at the request of Staff. Frontier’s broadband deployment began in 2010 with the establishment of the backbone network and build out of facilities. The deployment continues today as scheduled to meet the commitments detailed in the Settlement Agreement. After discussions with Staff, Frontier submits this filing which constitutes the complete initial broadband deployment plan and contains all modifications, information and explanations requested by Staff.

Information submitted with this filing is marked Highly Confidential under a Protective Order in the above referenced docket. A Public redacted version is also submitted in accordance with the Protective Order in the docket.

If there are questions related to this filing, please contact me at 425.261.6380 or [linda.fogg@FTR.com](mailto:linda.fogg@FTR.com).

Sincerely,

A handwritten signature in black ink, appearing to read "Lin Fogg", with a stylized flourish at the end.

**Re: UT-090842 – Joint Application of Verizon Communications Inc. and Frontier Communications Corporation for an Order Declining to Assert Jurisdiction Over, or, in the Alternative, Approving the Indirect Transfer of Control of Verizon Northwest Inc. – Supplemental Broadband Information**

Dear Mr. Danner:

In compliance with the April 16, 2010 Order in the above-referenced matter Frontier Communications Northwest Inc. submitted an initial broadband deployment plan, and consulted with staff within 90 days of the closing date.

Please find attached **Highly Confidential** documents with the supplemental information to the broadband deployment plan requested by Staff. Frontier did request from Verizon the information requested by Staff related to data requests in this docket from 2009. Verizon advised the information is not available.

If you have any questions in regard to this information, please feel free to contact me at 425.261.6380 or linda.fogg@FTR.com.

Sincerely,

Re: UT-090842 – Joint Application of Verizon Communications Inc. and Frontier Communications Corporation for an Order Declining to Assert Jurisdiction Over, or, in the Alternative, Approving the Indirect Transfer of Control of Verizon Northwest Inc.

Dear Mr. Danner:

On April 16, 2010, the Washington State Utilities and Transportation Commission ("WUTC") issued a Final Order in the above-referenced matter. In the Settlement Agreement with Staff of the WUTC ("Staff"), Frontier Communications Northwest ("Frontier") agreed to submit an initial plan for broadband deployment and to consult with Staff regarding the geographic scope and timelines for implementation (Settlement paragraph 17). Frontier met with and consulted with Staff on September 23, 2010 regarding its broadband deployment and submitted its broadband deployment plan to the WUTC records center on September 28, 2010. In response to requests by Staff, Frontier is filing an explanation of its methodology for developing household counts, which will be used going forward. This information contains proprietary information, and is being filed in both a Highly Confidential and a Public redacted version in accordance with the Protective Order in the above-referenced docket.

Staff also requested an explanation of the listings of Everett wire centers as provided by Verizon during the discovery process prior to the July 1, 2010 closing of the Verizon-Frontier transaction, and what Frontier provided in the broadband plan. The Everett Main and Everett Chennault listings provided by Verizon are in one wire center. The second listing is a remote location originally installed for provision of ISDN service, but is treated as part of the Main wire center.

Sincerely,

A handwritten signature in black ink, appearing to read "Lin Fogg", with a stylized flourish at the end.
