Describe the services you wish to provide. Explain how your services will enhance customer choice, promote competition, or fill an unmet need for service: Mountain Movers would like to provide a high quality household moving service where customer service is our main focus. Mountain Movers has invested in new equipment for trucks, pads and has not trained our personnel to be efficient, courteous and conscientious of our clients needs. There is a need for a good moving company that really cares about its reputation and its clients.

Briefly describe your experience in the transportation/household goods moving industry: I have over 10 years of combined office and household moving experience. I have worked for several moving companies gaining experience in office and household moves. I have owned my own business doing office and residential moves for the past 6 years. I also gain experience from my father's transportation business in Maine.
