

5 WAC 480-07-370(1)(b)(i) states, in part, that the Commission may undertake an action that would be the proper subject of a party's petition, such as authorizing exemption from a Commission rule, without receiving a petition from a party.

6 Commission Staff reviewed the tariff request together with other factors and recommends the Commission allow the tariff to become effective by operation of law, and, on its own motion, grant the Company an exemption from WAC 480-07-520, work paper filing requirements for this filing for the following reasons:

- (a) There have not been any significant changes since the last rate case that became effective on June 1, 2011. Reviewing the rate case documents, customer numbers are relatively unchanged, inflation has been low, and the Company has not changed its collection methods.
- (b) The increased disposal fees are set by Grays Harbor County and are required as a part of the Company's operations.
- (c) The Company's financial information supports the proposed revenue requirement and the proposed rates.
- (d) Staff concluded the proposed rate increase, by reason of the increase in disposal fees, is fair, just, and reasonable.

FINDINGS AND CONCLUSIONS

- 7 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts and affiliated interests of public service companies, including solid waste companies. RCW 80.01.040, RCW 81.01, RCW 81.04, RCW 81.16, RCW 81.28 and RCW 81.77.
- 8 (2) Olympic is engaged in the business of providing solid waste services within the state of Washington and is a public service company subject to Commission jurisdiction.
- 9 (3) Olympic is subject to the filing requirements of WAC 480-07-520, for general rate increase proposals. The Company did not file the work papers required by WAC 480-07-520 and did not request an exemption from WAC 480-07-520.

WAC 480-07-370(1)(b)(i) states, in part, that the Commission may undertake an action that would be the proper subject of a party's petition, such as authorizing exemption from a Commission rule, without receiving a petition from a party.

- 10 (4) This matter came before the Commission at its regularly scheduled meeting on December 27, 2012.
- 11 (5) After review of the tariff revisions filed in Docket TG-121781 by Olympic on November 9, 2012, as revised on November 14, 2012, and December 7, 2012, and giving due consideration, the Commission finds:
- (a) An exemption from the general rate increase filing requirements set forth in WAC 480-07-520 is in the public interest and is consistent with the purposes underlying the regulation and applicable statutes and should, on the Commission's own motion, be granted; and
 - (b) It is in the public interest to allow the revisions to Tariff No. 23 filed on November 9, 2012, as revised on November 14, 2012, and December 7, 2012, to become effective on January 7, 2013, by operation of law.
