Re: Docket UT-133009  
FCC Reporting Requirements and Certifications  
47 C.F.R. § 54.313(h)  
Asotin Telephone Company

Dear Mr. King:

The FCC, in its USF/ICC Transformation Order (FCC 11-161) released November 18, 2011, established new annual federal reporting requirements for companies seeking ETC certification. The Order requires ETCs to provide a copy of their federal filing to their State Commission. The reporting requirements for 2013 were scheduled to be due July 1, however, on June 10, 2013, the FCC issued an order postponing the July 1, 2013 reporting requirements until such time as the Office of Management and Budget approves the FCC 481 Data Collection Form. The June 10 Order postponed all reporting under rules 54.313 with the exception of 54.313(h), which requires ETCs receiving high cost support to report their local rates and states fees if the sum of those charges are less than the urban rate floor as defined in rule 54.318. This rate information was filed with the FCC in June in order to meet the July 1 due date. Accordingly, please find enclosed a copy of the filing that was made by Asotin Telephone Company. Asotin was the only TDS company with rates lower than the urban rate floor. The filing contains confidential information and a redacted, public version.

Feel free to contact me if you have any questions concerning the above-referenced enclosures or if you require any additional information.

Sincerely,

  
Bruce Schiefelbein  
Manager – Regulatory Compliance  
TDS Telecom
