1 3 4 5 6 BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION 7 8 IN RE 9 DOCKET NO. PETITION OF WHIDBEY TELEPHONE 10 COMPANY, TO RECEIVE SUPPORT PETITION FOR SUPPORT FROM THE STATE UNIVERSAL 11 COMMUNICATIONS SERVICES **PROGRAM** 12 13 COMES NOW Whidbey Telephone Company (the "Company"), and, pursuant to Chapter 14 480-123 of the Washington Administrative Code ("WAC") including, but not limited to, WAC 480-15 123-110, hereby petitions the Washington Utilities and Transportation Commission (the 16 17 "Commission") to receive support from the State Universal Communications Services Program 18 established in RCW 80.36.650 (the "Program") for the fiscal year ending June 30, 2017. 19 20 I. Demonstration of Eligibility under WAC 480-123-100 21 1. WAC 480-123-100(1)(a): The Company is a local exchange company as defined in WAC 22 480-120-021 that serves less than forty thousand access lines within the state. 23 24 25 26 PETITION OF WHIDBEY TELEPHONE COMPANYTO RECEIVE SUPPORT FROM THE STATE UNIVERSAL COMMUNICATIONS SERVICES PROGRAM - 1

- 2. WAC 480-123-100(1)(b): The Company is an incumbent local exchange carrier as defined in 47 U.S.C. Sec. 251(h).
- 3. WAC 480-123-100(1)(c): The Company offers basic residential and business exchange telecommunications services as set forth in WAC 480-120-021 and RCW 80.36.630.
- 4. WAC 480-123-100(1)(d): The Company's rates for residential local exchange service, plus mandatory extended area service charges, are no lower than the local urban rate floor established by the Commission as the benchmark rate based on the Federal Communications Commission's national local urban rate floor pursuant to 47 C.F.R. Sec. 54.318 in effect on the date of this Petition.
- 5. WAC 480-123-100(1)(e): The Company has been designated by the Commission as an eligible telecommunications carrier for purposes of receiving federal universal service support pursuant to 47 C.F.R. Part 54 Subpart D Universal Service Support for High Cost Areas with respect to the service area for which the Company is seeking Program support.

II. Demonstration of Eligibility under WAC 480-123-110

- 1. WAC 480-123-110(1)(a): The name of the legal entity that provides communications services and is seeking Program support is as follows: Whidbey Telephone Company.
- 2. WAC 480-123-110(1)(b): A corporate organization chart showing the relationship between the Company and all affiliates as defined in RCW 80.16.010 is attached hereto as Exhibit 1. A detailed description of any transactions between the Company and the affiliates named in Exhibit 1 recorded in the Company's operating accounts is attached hereto as Exhibit 2.

- 3. WAC 480-123-110(1)(c): A service area map for the Company can be found at Sheet No. 300 and 301 of the Company's Tariff WN U-5.
- 4. WAC 480-123-110(1)(d): A demonstration that the Company's customers are at risk of rate instability or service interruption or cessation in the absence of support from the Program is attached as Exhibit 3.
- 5. WAC 480-123-110(1)(e)(i): On the Commission's prescribed form, attached as Exhibit 4, are copies of the Company's balance sheet as of December 31, 2016, and December 31, 2015, and copies of the Company's statements of income and retained earnings or margin for the years ended December 31, 2016 and December 31, 2015.
- 6. WAC 480-123-110(1)(e)(ii): A copy of the Company's consolidated annual financial statements for the years ended December 31, 2016 and December 31, 2015, are attached as Exhibit 5.
- 7. WAC 480-123-110(1)(e)(iii): Information demonstrating the Company's earned rate of return on a total Washington unseparated regulated operations basis for each of the two prior years, calculated in the manner prescribed by the Commission, is provided in Exhibit 4.
- 8. WAC 480-123-110(1)(e)(iv): Information demonstrating the Company's earned return on equity on a total company (regulated and non-regulated) Washington basis for each of the two prior years, calculated in the manner prescribed by the Commission, is provided in Exhibit 5.

- 9. WAC 480-123-110(1)(e)(v): Information detailing all of the Company's revenues from the statements of income and retained earnings or margin in the same format and detail as is required to complete RUS Form 479 for the prior two years is presented on Exhibit 6.
- 10. WAC 480-123-110(1)(e)(vi): Information detailing the amounts of any corporate operations adjustments to existing high-cost loop and interstate common line support mechanism required by the Federal Communications Commission applied to the Company for the prior two years is attached hereto as Exhibit 7.
- 11. WAC 480-123-110(1)(e)(vii): Exhibit 4, and Exhibit 4.1, which is also attached and is on the Commission's prescribed form, contains additional supporting information requested by the Commission.
- 12. WAC 480-123-110(1)(e)(viii): A statement under penalty of perjury from a Company officer with personal knowledge and responsibility certifying that the Company complies with state and federal accounting, cost allocation, and cost adjustment rules pertaining to incumbent local exchange companies is attached as Exhibit 8.
- 13. WAC 480-123-110(1)(f): A complete copy of the FCC Form 481 filed by the Company or on its behalf with the Federal Communications Commission for the calendar year preceding the current year has already been filed with the Commission. See the Company's filing in Docket No. UT 17-17011 filed on or about July 1, 2017.
- 14. WAC 480-123-110(1)(g): The number of residential local exchange access lines served by the Company as of December 31, 2016, was 7,113 all of which were within the geographic area for which the Company is seeking support. The number of residential local exchange

access lines served by the Company as of December 31, 2015, was 7,987, all of which were within the geographic area for which the Company is seeking support.

The number of business local exchange access lines served by the Company as of December 31, 2016, was 1,614, all of which were within the geographic area for which the Company is seeking support. The number of business local exchange access lines served by the Company as of December 31, 2015, was 1695, all of which were within the geographic area for which the Company is seeking support.

The monthly recurring rate charged by the Company for residential local exchange access service on December 31, 2016, was \$18.00. The monthly recurring rate charged by the Company for residential local exchange access service on December 31, 2015, was \$16.50. The rate charged by the Company for single line business local exchange access service on December 31, 2016, was \$18.00. The rate charged by the Company for single line business local exchange access service on December 31, 2015, was \$16.50. (The Company has other business local exchange service rates, but the Company understands that WAC 480-123-110(1)(g) is requesting the single line business local exchange access service rate.)

- 15. WAC 480-123-110(1)(h): The requested statement is attached as Exhibit 9.
- 16. The amount on Line 4, labeled 2011 ROR Carrier Base Period Revenue, of the CAF ICC Data Collection Report for the period 7/1/2017 6/30/2018 is \$2,382,945 and has not changed from the last filing
- 17. All exhibits attached hereto are incorporated in this Petition as though fully set forth.

26	PETITION OF WHIDBEY TELEPHONE COMPANYTO RECEIVE SUPPORT

FROM THE STATE UNIVERSAL COMMUNICATIONS SERVICES

PROGRAM - 6

EXHIBIT 1 CORPORATE ORGANIZATION CHART

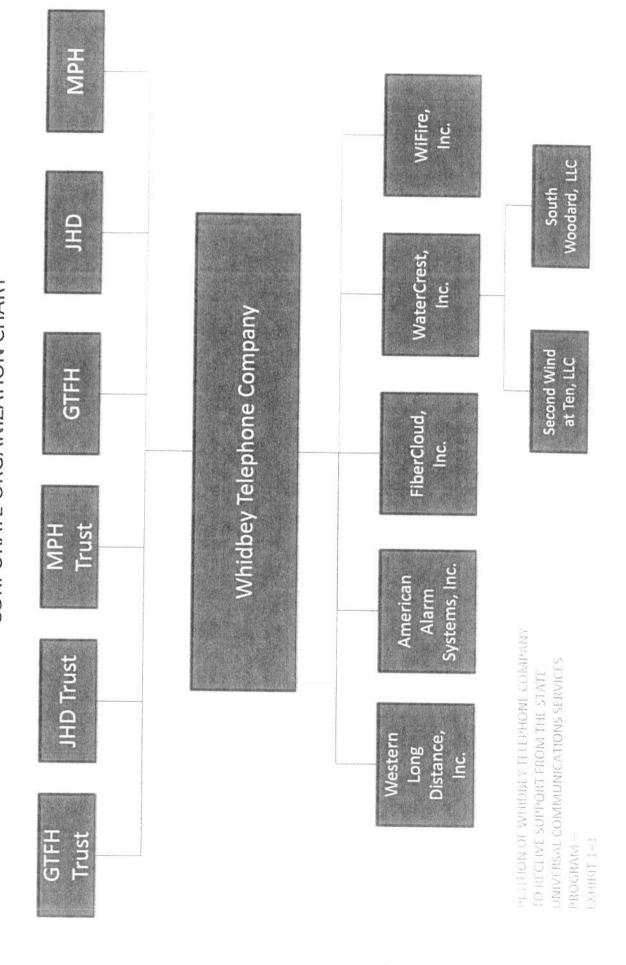

EXHIBIT 2

DESCRIPTION OF TRANSACTIONS BETWEEN COMPANY AND AFFILIATES

The following are transactions between Whidbey Telephone Company ("Company") and the Company affiliates that are shown in Exhibit 1, as well as officers and directors, that are recorded on the books of the Company:

Ownership and the Company

- Certain shareholders holding, directly or indirectly, five percent or more of the stock of the Company are also employees of the Company and receive from the Company employment compensation and employment-associated benefits in accordance with benefit plans that are in place.
- Shareholders of the Company receive distributions from the Company that the Company records as Distributions to Ownership.
- Certain shareholders, who are also officers and directors of the Company, have loans
 from the Company. The Company records Interest Revenue and Receivables on those
 loans. As loans are repaid, the Company reduces the appropriate Notes Receivable upon
 receipt of funds.
- The Company creates work orders for services performed for certain shareholders, who
 are also officers and directors of the Company. These work orders are reimbursed to the
 Company and result in a decrease in the Company's recorded capital items and operating
 expenses.

The Company and Western Long Distance, Inc.

- The Company provides billing and collection services on behalf of Western Long Distance, Inc. (WLD). These services are billed to WLD, and are treated as Carrier Billing and Collection Revenue by the Company. To the extent that these services are jurisdictionally intrastate, they are priced at rates equal to the billing and collection rates specified in the Company's Tariff WN U-5; to the extent that these services are jurisdictionally interstate, they are charged (to the extent applicable) at the same rate charged to other IXC(s) to whom the Company provides Billing and Collection services.
- WLD provides long distance carrier service to the Company. This service is billed to the Company at WLD's price list rates. The Company records General and Administrative Expenses for this service.

PETITION OF WHIDBEY TELEPHONE COMPANY TO RECEIVE SUPPORT FROM THE STATE UNIVERSAL COMMUNICATIONS SERVICES PROGRAM – EXHIBIT 2 - 1

The Company and American Alarm Services, Inc.

- The Company provides American Alarm Services, Inc. (AAS) with local telephone service at rates and charges set forth in the Company's Tariff WN U-5.
- AAS provides alarm and monitoring services for the Company. The Company records Regulated Land & Building Expense subject to Part 64 allocations.

The Company and Watercrest, Inc.

 There are loans from the Company to Watercrest, Inc. The Company records Interest Income on the loans. As the loans are repaid, the Company reduces the appropriate Notes Receivable.

The Company and WiFire, Inc.

• Retail transactions for food and beverages furnished by WiFire, Inc. to the Company are recorded by the Company as Operating Expenses.

The Company and FiberCloud, Inc.

- The Company sold all assets of FiberCloud, Inc. on 3/31/2015 to non-affiliated concern.
- Certain obligations of FiberCloud, Inc., remain in force, primarily relating to lease obligations, until the conclusion of those agreements. Proceeds from the sale of the assets will be used to fund those obligations.

EXHIBIT 3

DEMONSTRATION OF RISK OF RATE INSTABILITY OR SERVICE INTERRUPTION OR CESSATION

The operating environment in which the Company finds itself has created a climate of great financial uncertainty. The Company has been working over the past several years to address growing competition. The Company has taken steps to increase the availability and attributes of advanced services offered by the Company, including broadband. This has resulted in the Company making additional investments in regulated plant of approximately \$15.4 Million during the period January 1, 2011 through December 31, 2016. As a result, the Company has a substantial debt obligation to cover the investment that has been made, and continues to require substantial cash allocation for investments, as well as operation and maintenance of existing infrastructure.

The overall financial condition of the Company is detailed on other Exhibits to this Petition. What this information demonstrates is that, when adjusted to eliminate the support from the state Universal Communications Services Program that the Company received or accrued in 2016, the Company's total regulated revenue decreased by 9.3 percent from 2011 through 2016. The Company has looked for ways to lower expenses. However, much of the Company's operating expenditures are fixed obligations, such as debt-related payments.

[Include language concerning loss of access lines, if appropriate. For example some or all of the following may apply: "At the same time, the Company is seeing increased competition. For example, the Company has seen some migration of customers "cutting the cord" to move to wireless or other service as their sole method of telecommunications. Since 2011, the Company has lost 2,452 access lines. A loss of customers equates to a loss of revenue without a corresponding reduction in expenses or corresponding increase in rates. This trend of access line loss is exacerbated by the Federal Communications Commission's requirement that the Company increase its rates to remain eligible for full federal USF support. Since 2012, the Company has increased its local exchange service rates in order to be in compliance with the national urban rate floor prescribed by the Federal Communications Commission. However, those increases have been insufficient to fully replace the revenues that have been lost due to the reduction in access lines. In addition, those rate increases have tended to stimulate a surge in disconnection of service by customers.

As an example of why state Program support is needed, the Company's receipt of revenue from the traditional Washington intrastate universal service access rate element and related pooling fund were terminated effective July 1, 2014. Since then, the loss of revenues derived from the traditional universal service access rate element has been off-set by revenues received by the Company as a result of its participation in the Program. Using 2012 as a base line, the Company is facing a loss of traditional universal service fund revenues of approximately \$306,371 per year if its participation in the Program is not renewed.

PETITION OF WHIDBEY TELEPHONE COMPANY TO RECEIVE SUPPORT FROM THE STATE UNIVERSAL COMMUNICATIONS SERVICES PROGRAM – EXHIBIT 3, PAGE – 1

As another example, some of the financial uncertainty that the Company faces stems from the USF/ICC Transformation Order issued by the Federal Communications Commission. The USF/ICC Transformation Order has built in an automatic decline in the Company's intrastate and interstate access revenues. The intercarrier compensation portion of the Transformation Order introduces a concept of a base line year for calculating terminating access and reciprocal compensation revenues and provides support from the Connect America Fund ("CAF") based on the base line year. However, the base line year revenues (from which the level of CAF support is derived) are reduced iteratively by five percent each year. The CAF support reduction began in July 2012. Projecting through the year ending June 30, 2018, including reductions that will occur July 1, 2017, the Company has seen a reduction in support from the base line revenue of approximately \$631,261.

On top of all this, during the six-year period ended December 31, 2016, the Company has seen its total federal high cost support undergo a significant reduction, declining from \$2,595,126 in 2011 to \$1,590,393 in 2016.

These factors, among others, have led to the strained financial condition of the Company as reflected in the financial reports that are part of the Petition.

The combination of factors noted above creates a situation in which, without support from the state universal communications services program, the Company may be faced with a choice of increasing rates further or reducing service in order to be able to match expenses to revenues. Neither choice presents a viable path for providing continued high quality service to customers. The dilemma presented by these choices reflects the risk of rate instability or service interruption or cessation to which the Company is subject.

¹ In the Matter of Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High-Cost Universal Service Support, Developing an Unified Intercarrier Compensation Regime, Federal-State Joint Board on Universal Service, Lifeline and Link-Up, Universal Service Reform - Mobility Fun, WC Docket No. 10-90, GN Docket No. 09-51, WC Docket No. 07-135, WC Docket No. 05-337, CC Docket No. 01-92, CC Docket No. 96-45, WC Docket No. 03-109, WT Docket No. 10-208, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011)(USF/ICC Transformation Order).

Independent Auditor's Report

Board of Directors Whidbey Telephone Company Langley, Washington

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Whidbey Telephone Company and Subsidiaries which comprise the consolidated balance sheets as of December 31, 2016 and 2015, and the related consolidated statements of operations and comprehensive income, stockholders' equity and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Whidbey Telephone Company and Subsidiaries as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

WHIDBEY TELEPHONE COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of Whidbey Telephone Company (the "Company") and its wholly-owned subsidiaries, Western Long Distance, Inc., American Alarm Systems, Inc., FiberCloud, Inc. ("FiberCloud"), WaterCrest, Inc., Second Wind at Ten, LLC and WiFire, Inc. (collectively, "Company and Subsidiaries"). All material intercompany accounts and transactions have been eliminated in consolidation.

Organization and Regulation

The Company is a local exchange telecommunications company. The Company, together with its subsidiary Western Long Distance, Inc., provides local exchange, long distance and other telecommunications services including digital subscriber lines to South Whidbey Island and Point Roberts, Washington. The Company also provides internet access services and subscriber television services—to customers in western Washington. American Alarm Systems, Inc. provides alarm system installation and alarm monitoring services in western Washington. FiberCloud provided offsite computer data storage, hosted services, internet access and web-hosting services in western Washington. During 2015, FiberCloud sold all of its equipment, customer contracts, customer lists, marketing information, trademarks and trade names and discontinued operations (see Note 8). WaterCrest, Inc. and its wholly-owned subsidiary, Second Wind at Ten, LLC, are real estate development companies with a primary focus in western Washington. WiFire, Inc. is a coffee bar located in Freeland, Washington. The Company and each of its subsidiaries are organized under the laws of the State of Washington.

The Company is a small rate-of-return carrier. The Federal Communication Commission ("FCC") Report and Order and Further Notice of Proposed Rulemaking, ("FCC 11-161") and Report and Order, Order and Order on Reconsideration, and Further Notice of Proposed Rulemaking ("FCC 16-33"), have reformed the universal service and intercarrier compensation systems. These reforms have modified the manner in which the Company recovers its telecommunications revenue requirements.

Accounting Records

Accounting records are maintained in accordance with the Uniform System of Accounts ("USOA") prescribed by the FCC and, to the extent permitted by the USOA, accounting principles generally accepted in the United States of America. The accounting methods observed by the Company for book and recording purposes are subject to the concurrence of the Washington Utilities and Transportation Commission ("WUTC").

Cash and Cash Equivalents

The Company and Subsidiaries consider all highly liquid debt instruments to be cash equivalents.

WHIDBEY TELEPHONE COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Cash

The stockholders of the Company are trustees for trusts that hold life insurance policies on the chairperson of the Board of Directors. Wells Fargo bank has provided financing to the trusts for the premiums on these policies, for which the Company is a guarantor. As part of that agreement the Company is required to segregate cash as a guarantee for the amount of financing that exceeds the cash surrender value of these policies.

Materials and Supplies

Materials and supplies are stated at average cost.

Investments

Investments are stated at market value if readily determinable or at cost.

Fair Value Measurements

The Company and Subsidiaries provides information regarding the inputs that underlie a fair value measurement of financial instruments. The three levels of inputs essentially distinguish the relative reliability of inputs to fair value measurements. Level 1 inputs are more reliable and objective than Level 2 inputs which are in turn more reliable and objective than Level 3 inputs. In arriving at a fair value measure, the Company and Subsidiaries are required to determine the level in the fair value hierarchy within which a fair value measurement ultimately falls and provide disclosure of such determinations.

Accounting for Long-Lived Assets

The Company and Subsidiaries periodically review long-lived assets such as property, plant and equipment for potential impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. At December 31, 2016, management has determined that there were no material impairment charges to be recorded as of that date.

Regulated Telecommunications Plant, Maintenance and Depreciation

Regulated telecommunications plant is stated at original cost. The cost of additions to plant includes contracted work, direct labor, materials and overhead. When units of property are retired, the original cost plus removal costs, less salvage, is charged to accumulated depreciation with no gain or loss recognized. The costs of normal maintenance and repairs are charged to operating expense. Depreciation is computed using the straight-line method for financial reporting and accelerated methods for income tax purposes.

WHIDBEY TELEPHONE COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition, Major Customers and Services

Services provided by the Company and Subsidiaries include local network, long distance network and network access services, as well as other services. In the normal course of business of the Company and Subsidiaries, certain long distance network and network access service revenues are subject to out-of-period adjustments. Such adjustments are normal occurrences and are recorded by the Company and Subsidiaries during the year in which they become determinable.

Network access service revenues, which represent a major portion of the Company's operating revenues, are derived from the provision of exchange access services to interexchange carriers or to end users of telecommunication services.

The FCC 11-161 modified and replaced the existing universal service and intercarrier compensation systems with universal service reform and intercarrier compensation reform. A Connect America Fund ("CAF") has been established to replace all existing high-cost support mechanisms and sets broadband service requirements. Alongside the broadband service rules, reforms to establish a framework to limit reimbursements for excessive capital and operating expenses were implemented as of July 1, 2012 and phase outs of certain support payments occurred. Intercarrier compensation reform adopts a uniform bill-and-keep framework as the ultimate end state for all telecommunications traffic exchanged with the Company. Intercarrier compensation rates are capped and the disparity between intrastate and interstate terminating end office rates are being brought to parity in two steps as outlined in FCC 11-161. The state's public utilities commissions will be overseeing the modifications to rates in intrastate tariffs. Limits on carriers' total eligible recovery will reflect existing downward trends on intercarrier compensation revenues with declining switching costs and minutes of use.

In September 2016, the FCC implemented a budget control mechanism for rate-of-return telecommunication carriers designed to ensure that federal support disbursements remain within the specified budget. This budget control mechanism further reduces Interstate Common Line Support now renamed Connect America Fund Broadband Loop Support, funding for the Company by approximately \$33,000 in 2016.

As part of FCC 16-33 Universal Service Reform order, rate-of-return telecommunication carriers have been given an option of remaining on a legacy support mechanism that includes broadband data only service funding or electing a model based support funding mechanism with an emphasis on broadband obligation deployment to begin implementation January 1, 2017. The Company will remain with the legacy support option.

WHIDBEY TELEPHONE COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition, Major Customers and Services (Continued)
The established rate of return of 11.25% used for interstate pooled settlements and other interstate revenue requirements are to be transitioned over six years to 9.75% by July 2021 by a rate of return reduction of .25% each July per FCC order. As of July 2016, the rate of return was reduced to 11%.

The Company continues to review the reforms and modifications to the support that the Company receives and understands that those reforms and modifications could have an adverse effect on the Company's revenues and cash flow. Revenue impacts are subject to change based upon future data collections and further clarification from the FCC.

Revenues for intrastate access services are received through tariffed access charges filed by the Company at the WUTC. Once filed, the tariffed access charges become effective if specifically approved by the WUTC or allowed to become effective by operation of law. The intrastate switched access charges are billed by the Company to intrastate interexchange carriers. Intrastate special access charges are also billed to intrastate interexchange carriers that order such services and, in some cases, to retail customers that order special access services.

The WUTC implemented a state universal communications service program ("State USF Program") and also replaced the cumulative reduction in support the Company received from the federal CAF. The State USF Program began January 2015 and subsequent annual disbursements comprised of the Traditional USF and the disbursement of the cumulative CAF deficit support are scheduled to occur in January of the following State USF Program years, assuming the Company continues to be eligible under the program. The State USF Program year runs from July 1 to June 30. The Company received \$845,439 from the State USF Program for the period July 1, 2016 to June 30, 2017, and recorded deferred revenue of \$422,720 for the unearned portion. In 2015, the Company received \$748,392 from the State USF Program, for the period July 1, 2015 to June 30, 2016, and recorded deferred revenue of \$374,196 for the unearned portion. The State USF Program is scheduled to last for five program years.

For some of the services that the Company and Subsidiaries provide to their respective customers, the Company and Subsidiaries rely upon services and facilities supplied to the Company and Subsidiaries by other companies. Any material disruption of the services or facilities supplied to the Company and Subsidiaries by other companies could potentially have an adverse effect upon the operating results of the Company and Subsidiaries.

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Federal Income Taxes

Effective January 1, 2005, the Company elected to become a Subchapter S corporation and elected to have each of its then-existing and subsequently formed subsidiaries to be Qualified Subchapter S Subsidiaries. Similar elections were made for WaterCrest, Inc. and WiFire, Inc. on the dates of their incorporations. Second Wind at Ten, LLC is organized as a single member LLC, as such, its activities flow through to its sole member, WaterCrest, Inc. Taxable earnings and losses of the Company and its subsidiaries on and after that date are included in the consolidated tax return of the Company, amounts from which are then included in the tax return of the Company's stockholders and taxed at the applicable tax rate of the stockholders.

The Company's federal income tax returns for the tax years ending before December 31, 2013 are closed to examination.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions used in preparing the accompanying consolidated financial statements.

Reclassifications

Certain reclassifications to the consolidated statement of cash flows have been made to the previously reported 2015 consolidated statement of cash flows in order to make it comparable with the 2016 consolidated statement of cash flows.

Subsequent Events

The management of the Company evaluated for subsequent events and transactions for potential recognition and disclosure through April 26, 2017, the date the financial statements were available to be issued. All identified material events or transactions have been recorded or disclosed.

NOTE 2 - CONCENTRATION OF CREDIT RISK

The Company and Subsidiaries maintain cash balances at various financial institutions in western Washington. Accounts at each of the financial institutions are insured by the Federal Deposit Insurance Corporation ("FDIC") with basic coverage up to \$250,000. The Company and its subsidiaries periodically maintain cash in excess of federally insured limits. At December 31, 2016, the Company and its subsidiaries' cash balances exceeded the insured amount by \$5,821,041.

WHIDBEY TELEPHONE COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 2 - CONCENTRATION OF CREDIT RISK (Continued)

The Company has an account with a broker-dealer with investments including a money market fund and certain securities. Securities held at such institutions are each insured by the Securities Investor Protection Corporation up to \$500,000 for brokerage accounts, of which \$250,000 of the total available applies to any cash claims. The balance in the money market fund at December 31, 2016 is \$2,652.

The Company's accounts receivable are subject to potential credit risk as they are unsecured.

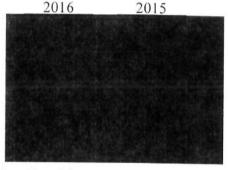

NOTE 3 - ACCOUNTS RECEIVABLE

The trade accounts receivable balances at December 31, 2016 and 2015 consist of:

Accounts receivable - subscribers

Accounts receivable - interexchange carriers and exchange carrier associations

Allowance for doubtful accounts (deduction)

The Company and Subsidiaries extend credit to business and residential customers based upon a written credit policy. Service interruption is the primary vehicle for controlling accounts receivable losses. Telecommunications accounts receivable are recorded when subscriber bills, carrier access bills and exchange carrier associations settlement statements are rendered and are reflected in the balance sheets net of the allowance for doubtful accounts. Certain exchange carrier associations' settlements are subject to out-of-period adjustments. Such settlements and adjustments are recorded during the year in which they become determinable. The allowance for doubtful accounts is estimated based on the Company's historical uncollectibles, the existing economic conditions in the telecommunications industry and the financial stability of its customers. As of December 31, 2016, approximately 5% of accounts receivable were outstanding ninety days or more after the date of the invoice on which they were first billed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 5 - PROPERTY, PLANT AND EQUIPMENT

(Continued)

Provision has been made for depreciation of the major classes of the telecommunications plant in service at straight-line annual rates as follows:

General support facilities
Buildings
Furniture and office equipment
Vehicles and other work equipment

Central office equipment Radio systems Other

Cable and wire facilities

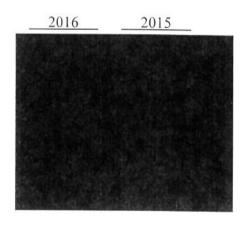

Nonregulated Plant

Nonregulated plant is recorded at original cost when first placed in service. The Company and Subsidiaries provide for depreciation using the straight-line method at annual rates which are intended to amortize the depreciable property over its estimated useful life. The depreciable lives range from 5 to 25 years.

Depreciation Expense

The provision for depreciation on regulated telecommunications plant and nonregulated plant in service is:

Regulated telecommunications plant Nonregulated plant

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 6 - NOTES PAYABLE AND LONG-TERM DEBT

Notes payable and long-term debt at December 31, 2016 and 2015 consist of the following:

Promissory notes with CoBank, that call for monthly payments of interest at LIBOR plus 2.75% (3.75% at December 31, 2016). Principal is due in twenty equal, consecutive, quarterly installments of \$500,000 beginning on September 20, 2018 and the last installment due June 20, 2023, and one final installment of remaining unpaid principal balance due on September 20, 2023.

Note payable consists of a revolving reducing line of credit with Wells Fargo Bank of up to a maximum of \$6,000,000 at December 31, 2015, reduced each quarter by payments of \$375,000 beginning December 2015. The agreement calls for monthly payments of interest at 2.25% above a daily one month LIBOR rate as determined by the bank (2.67950% at December 31, 2015). Principal and accrued interest were due June 30, 2019. Security includes all assets as noted in the security agreement. Paid in full in 2016.

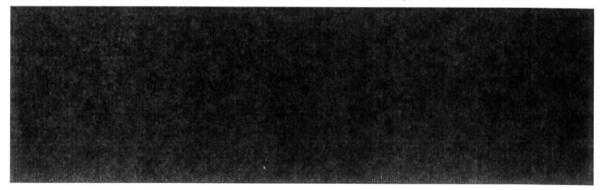

Less portion due within one year classified as a current liability

Long-term Debt

2015

2016

Aggregate annual maturities of long-term debt for the next five years are as follows:
