(509) 495-8620

Avista Dockets (Electronic Only) - AvistaDockets@avistacorp.com

2 This Motion is being filed coincident with Avista's general rate case filings in the above-captioned matter, filed on April 30, 2019. The Company filed revised tariff schedules to effect an increase in its base prices to its electric and gas customers, along with pre-filed direct testimony and exhibits in support of its proposed revisions. The Company identified information contained on a number of pages of these testimonies, exhibits, and workpapers as "Designated information is confidential per WAC 480-07-160".

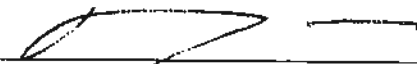

3 The Commission's standard form of protective order should be sufficient to protect the
materials in Avista's filing that have been marked "confidential," as well as confidential information
that may be disclosed during the pendency of this case. Such designated materials marked
confidential contain information that might compromise Avista's ability to compete fairly, or that
otherwise might impose a business risk if disseminated without the protections provided in the
Commission's protective order.

4 The confidential information that Avista is disclosing can be classified as information
pertaining to contract prices, terms and conditions, risk management practices, and plant operation
data, and, as such, comprises valuable commercial information. Moreover, certain information is
confidential in that some contract information is prohibited, by the contract terms, from public
disclosure. Also, customer-specific information may be disclosed that should enjoy confidential
protection.

5 Finally, it is anticipated that additional information will be requested of Avista in the
discovery process or otherwise provided during the evidentiary phase of this proceeding.

6 WHEREFORE, Avista respectfully requests that the Commission enter a standard protective
order in this case.

RESPECTFULLY SUBMITTED this 29th day of April, 2019.

David J. Meyer, Vice President and Chief Counsel
for Regulatory and Governmental Affairs
