RE: Bremerton Rate Center Numbering Waiver

Dear Ms. Hunter:

By this letter Teleport Communications America, LLC ("TCAL"), OCN 7146, is requesting a waiver of the utilization and months-to-exhaust requirements outlined in FCC's Numbering Resource Optimization Orders, FCC 00-429 and FCC 01-362 released in CC Docket No 99-200, which would allow the Pooling Administrator (PA)/NANPA to assign 65 thousand blocks to TCAL to meet the needs of a specific customer.

Specifically, the customer has requested 65,000 telephone numbers in the Bremerton Rate Center for the DoD dial plan supported by PEO-Digital for migration of a new platform without impacting operations for the customer's service members, supporting civilian and contract staff. The customer's Letter of Intent is attached as **Confidential Exhibit A** and has been redacted pursuant to WAC 480-07-160. TCAL cannot satisfy this request from its current numbering inventory.

Although AT&T has an adequate supply of telephone numbers to satisfy incremental requests for numbers without receiving a new block, AT&T's existing numbering resources cannot satisfy the need for 65,000 numbers in the 564-area code. Thus, on October 16, 2023, AT&T submitted a Thousands Block Application Form Part 1A and a MTE and Utilization Certification Worksheet – TN Level to the Pooling Administrator ("PA") for sixty-five one thousand blocks in the Bremerton rate center. The Pooling Administrator System ("PAS") denied AT&T's request because AT&T did not meet the Months to Exhaust ("MTE") and/or Utilization requirements.

In our effort to satisfy the customer's request, TCAL submitted a request to PA/NANPA on October 16, 2023, for additional numbering resources. That application Form 1A, the MTE/Utilization Worksheet and the subsequent denial are attached as **Confidential Exhibit B**. In order for the request to be approved, TCAL requires a waiver of the current month-to-exhaust and utilization thresholds for new numbering requests. Month-to-exhaust was in scope but did not meet the rules qualification; utilization was 50.9%.

Note that information is redacted in both Exhibits A and B as both Exhibits include trade secrets that are not available to the public.

The FCC allows for a waiver of the rules when there is demonstrated need such as a specific customer request for a large block of numbers. The waiver process is specifically addressed in the FCC Third Report and Order (“Order”) as the “safety valve” process (See FCC 01-362, 57-66), which went into effect on March 14, 2002. The order delegates the authority to hear claims for waivers to the state commissioners and recommends that state commissions act expeditiously. The Order proposes that state commissions review a waiver within 10 business days. (See 61, 66).

TCAL respectfully requests that the Commission approve the request for a waiver of months to exhaust and rate center utilization requirements and direct PA/NANPA to accommodate our customer’s request.

All directives can be emailed or faxed directly to:

David Morgan
NANPA Inc- PA Code Administrator
Two Tower Center Boulevard, 20th Floor
East Brunswick, NJ 08816
Phone 571-363-3823
Fax: 571-363-3838
Email: dmorgan@nanpa.com

Thank you for your attention to this matter. Should you have any questions or concerns about this request please contact me at 775-527-4252. I would appreciate being copied on any correspondence with PA/NANPA.

Sincerely,

David Collier

Enclosures

Exhibit A

2000

15 Aug 2023

Washington Utilities and Transportation Commission
621 Woodland Square Loop SE
Lacey, WA 98503

Dear Sir or Madam,

██████████ is in the process of modernizing communications capabilities at ██████████
Bremerton, WA 98314, based upon ██████████
which include migration to Voice over Internet Protocol (VoIP) access for commercial voice services. AT&T
has been selected as the local services provider for VoIP Trunking services and an order has been placed for
the equivalent of 40 PRI(s) in concurrent call capacity along with a request for a block of 65,000 new
contiguous telephone numbers.

The service address for these numbers will be, ██████████ Bremerton, WA 98314, which is in the
BREMERTON rate center.

The requested block of 65,000 contiguous public telephone numbers is required for compatibility with the
existing ██████████ and to support migration to the new platform without impacting operations.
Furthermore, ██████████ directly supports the ██████████ and the public interest as its primary customers.

██████████ is requesting that a block of 65,000 contiguous Direct Inward Dialing (DID) be allocated to AT&T to
accommodate the requirements of this project. ██████████ targets completion of this project by October of
2023. The support of AT&T in issuing the requested 65,000 block is critical to achieving this goal.

The requested ██████████ will be direct extension dial. In addition, there will be a tremendous use of ██████████ for
applications such as Teams collaboration, voice conferencing, ad hoc calling, voicemail, etc. There's no intent of
returning any of the ██████████ as all of the numbers will be allocated for use. Pending AT&T's successful
completion of testing, ██████████ understands these numbers will need to be activated within 180 days of the
effective date.

A non-contiguous ██████████ range or a block of fewer numbers will seriously impact ██████████ operational
capabilities for the ██████████ service members, supporting civilian and contract staff. If the Commission is not
able to assign a new contiguous 65,000 DID block, we will not be able to align our dial plan to ██████████
standards which will have an adverse impact on ██████████ operations, training, and support.

Should there be any questions concerning the aforementioned, please do not hesitate to contact Mr. ██████████
██████████

██████████
Program Executive Officer,
Digital & Enterprise Services

Title

Date

¹Identify type and reason for change(s) in Section 1.4(e).

²A list of the current Code Administrator(s) who can provide assistance in completing this form is available upon request from the North American Numbering Plan Administrator (NANPA).

³The NXX field is required for any Central Office (CO) Code (NPA-NXX) request in which there is a change or the CO Code is being returned.

⁴Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to Central Office (CO) Code (NPA-NXX) assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments may contact NECA (800-228-8597) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignment should direct questions regarding appropriate OCN usage to the Telecom Routing Administration (TRA) on 732-699-6700.

⁵This is an eleven-character descriptor of the Switching Entity/Point Of Interconnection (POI) provided by the owning entity for the purpose of routing calls. This is the eleven-character iconectiv[®] Common Language Location Identification (CLLI[™]) Code of the applicant's Switching Entity/POI. (iconectiv[®], Telcordia[®], and Common Language[®] are registered trademarks and CLCI[™], CLLI[™], LERG[™] Routing Guide and TPM[™] Data Source are trademarks and the Intellectual Property of Telcordia Technologies, Inc. dba as iconectiv.)

⁶Rate Center name shall be a tariffed Rate Center associated with toll billing.

⁷Applies to any Central Office (CO) Code Applicant connecting to the Public Switched Telephone Network via a tandem owned by a different Service Provider (SP).

⁸This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This shall be the CLLI Code of the Switching entity/Point of Interconnection (POI), and is the same on Part 2, Form 1, Page 2 of 2.

⁹Central Office (CO) Code Applicants should request an effective date that is at least 66 calendar days from the submission of this form. It should be noted that interconnection arrangements and facilities need to be in place prior to Activation of a CO Code. Such arrangements are outside the scope of these guidelines.

¹⁰Requests for Central Office (CO) Code assignment shall not be made more than six months prior to the requested Effective Date.

¹¹Select if you are the current Central Office (CO) Code Holder.

¹²Select if you are not the current Central Office (CO) Code Holder.

¹³The Applicant shall indicate “Yes” if the Central Office (CO) Code being requested shall be used for Thousands-Block Number Pooling and shall leave this field blank if it is not.

¹⁴An incomplete form may result in delays in processing this request.

Title

10/16/2023

Date

Instructions for filling out each Section of the Part 1A form:

Section 1.1 Contact information requires that Service Providers (SP) supply under “Block Applicant” the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator (PA) section also requires the SP to fill in the PA’s name, address, phone, fax and e-mail.

Section 1.2 Service Providers (SP) who need a Thousands-Block (NPA-NXX-X) assignment or for a Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a Part 1 Central Office Code (NPA-NXX) Application needs to also be submitted to the Pooling Administrator (PA). The SP should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the Telcordia Technologies, Inc. dba iconectiv (iconectiv®) LERG™ Routing Guide^{xi}. The Operating Company Number (OCN) assigned to the SP and the OCN of its parent company. An OCN is a four-character alphanumeric NECA-assigned Company Code or a four-character alphanumeric identifier assigned by the iconectiv Telecom Routing Administration (TRA). In addition, the number of Thousands-Blocks requested should be supplied. The Switch Identification (Switching Entity/POI). Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider (SP) completes the application should be entered in this section, as well as the Effective Date of the requested Thousands-Block.

Section 1.4 Service Providers (SP) should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS or VoIP. Also indicate the primary type of business in which the Numbering Resource is to be used. SPs may indicate their preference for a particular Thousands-Block, e.g., 321-9XXX, or indicate any Thousands-Blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers (SP) indicate the type of request. Initial requests are for first applications for Thousands-Blocks in a Rate Center, Growth applications are for additional Thousands-Blocks in a Rate Center in which the Applicant already has Numbering Resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers (SP) shall indicate the updated/current information in regards to contaminated Telephone Numbers (TN) on the Thousands-Block they are

returning to the Industry Inventory Pool. Thousands-Blocks with over 10% contamination (101 TNs or more) shall not be returned to the Industry Inventory Pool except when a SP is exiting the market or is exchanging a Thousands-Block that was identified as being over 10% contaminated. If the Thousands-Block being returned is over 10% contaminated, the Pooling Administrator (PA) shall seek a new Thousands-Block Holder. If question c and/or d have a response of No, the request for return shall be denied.

The Thousands-Block applicant certifies veracity of this form by signing their name, and providing their title and date.

Footnotes:

ⁱIdentify the type of change(s) in Section 1.5.

ⁱⁱThe Pool Administrator (PA) is available to assist in completing these forms.

ⁱⁱⁱA Part 1 Central Office (CO) Code (NPA-NXX) Application shall also need to be submitted to the Pooling Administrator (PA).

^{iv}Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to Central Office (CO) Code (NPA-NXX) assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to TRA (732-699-6700).

^vThis is an eleven-character descriptor of the Switching Entity/Point Of Interconnection (POI) provided by the owning entity for the purpose of routing calls. This is the 11 character CLLITM Code of the Switching Entity/POI.

^{vi}Rate Center name shall be a tariffed Rate Center.

^{vii}Acknowledgment and indication of disposition of this application shall be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

^{viii}Please ensure that the Central Office (CO) Code (NPA-NXX) of the LRN to be associated with this Thousands-Block(s) is/will be active in the PSTN prior to the effective date of the Thousands-Block(s).

^{ix}Select if you are the current Thousands-Block Holder.

^xSelect if you are not the current Thousands-Block Holder.

^{xi}iconectiv[®], Telcordia[®], and Common Language[®] are registered trademarks and CLCITM, CLLITM, LERGTM Routing Guide and TPMTM Data Source are trademarks and the Intellectual Property of Telcordia Technologies, Inc. dba as iconectiv.

Explanation: _____

¹A copy of this worksheet is required to be submitted to the Pooling Administrator (PA) when requesting additional Numbering Resources in a rate center. For auditing purposes, the applicant shall retain a copy of this document.

²List all Numbering Resources allocated to the OCN for the requested Rate Center, including newly acquired Central Office (CO) Codes (NPA-NXX) and Thousands-Blocks (NPA-NXX-X). This information is available from the Total Numbering Resources in PAS and shall automatically populate on this form in PAS. When an exception exists, the Applicant shall adjust the auto-populated list and shall provide an explanation of the adjustment in the Explanation field.

³The total quantity of numbers available for assignment from the Numbering Resources allocated to the OCN for the requested Rate Center, including newly acquired CO Codes (NPA-NXXs) and Thousands-Blocks (NPA-NXX-Xs). When an exception exists, the Applicant shall adjust the auto-populated number as needed and provide an explanation of the adjustment in the Explanation field (e.g., to increase the number of available resources due to pending applications in the same rate center, or for documentation purposes for safety valve waivers).

⁴The total quantity of Numbering Resources allocated to the OCN for the requested Rate Center, including newly acquired CO Codes (NPA-NXXs) and Thousands-Blocks (NPA-NXX-Xs). This information is available from the Total Numbering Resources Report in PAS and shall automatically populate on this form in PAS. When an exception exists, the Applicant shall adjust the auto-populated number as needed and provide an explanation of the adjustment in the Explanation field (e.g., to increase the total number of resources to include pending applications in the same rate center, or for documentation purposes for safety valve waivers).

⁵Quantity of numbers activated in the past 90 days indicates newly acquired Thousands-Blocks (NPA-NXX-X) and/or Central Office (CO) Codes (NPA-NXX) received from the administrator and shall be reported in increments of 1,000 or 10,000 TNs (e. g.: 2 blocks received=2,000 and 1 code received =10,000).

⁶Net change in Telephone Numbers (TN) no longer available for assignment in each previous month, starting with the most distant month as Month 1, and Month 6 as the current month.

⁷Forecast of Telephone Numbers (TN) needed in each following month, starting with the most recent month as Month 1.

⁸This field is automatically calculated and populated on this form in PAS.

⁹This field is automatically calculated and populated on this form in PAS. To be assigned an additional Thousands-Block (NPA-NXX-X) for growth, "Months to Exhaust" shall be less than or equal to 6 months. (47 CFR § 52.15 (g) (4) (iii)).

¹⁰This field is automatically calculated and populated on this form in PAS. To be assigned an additional Thousands-Block (NPA-NXX-X) for growth, "Utilization" shall be 75% or more (47 CFR § 52.15 (h)). Newly acquired Numbering Resources may be excluded from the Utilization calculation (47 CFR § 52.15 (g)(4)(ii)).
