RE: Pacific Power & Light Company,
Report concerning its progress in meeting its conservation target during the
preceding biennium, Docket UE-100170

TO ALL INTERESTED PERSONS:

On June 1, 2012, Pacific Power & Light Company (PacifiCorp) filed with the Washington Utilities and Transportation Commission (Commission) a report concerning its progress in meeting its conservation target during the preceding biennium.

On June 5, 2012, the Commission issued a notice to all interested persons that it would consider PacifiCorp's report at its July 27, 2012, open meeting.

On July 6, 2012, PacifiCorp filed with the Commission a request to reschedule consideration of this matter from July 27, 2012, to the following open meeting on August 9, 2012. PacifiCorp indicates due to scheduling conflicts, its demand-side management staff is not available on July 27 to respond to comments or to answer questions. Staff indicates that it does not object to PacifiCorp's request. The Commission finds good cause to reschedule this matter to August 9, 2012, and grants the request.

PLEASE TAKE NOTICE That the Commission grants PacifiCorp's request and reschedules this matter to the August 9, 2012, open meeting at 9:30 a.m., at which time oral comments may be presented in-person.
