

a note from:
Dan, son of
Paul Griffith

Dear U.T.C.,
Gee, that was something,
i recieved a reply about Avista's
rate increase without sending you
folks a letter. Possibly, as Avista must
have rate increases pre planned for
the coming 50 years and, possibly,
you have the responses to the consumer
pre-printed, i should just copy this
lil blurb and send it off
to ya'll twice a year. Please
look after the interest of us reg-
ular folks.

Thank you
