

**Remote Control Locomotive ("RCL") Operations Rulemaking****Docket No. TR-021465****March 19, 2003**

3/19/03

If you would prefer to share your comments with the Commission in writing please fill out this comment form and your comments will be considered and added to the formal record.

I would urge the WUTC to take the time to protect the citizens of Washington from increased risk posed by Remote Control Operations. I hope to be helpful to you in the future and will see you again soon.

Daniel Potshnick Engineer UPRR

For contact information please see the letter I enclosed to the commission.
