Re: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*, Docket UE-100749

TO ALL PARTIES OF RECORD:

On October 6, 2014, Pacific Power & Light Company (PacifiCorp) filed with the Washington Utilities and Transportation Commission (Commission) a tariff filing pursuant to RCW 80.28.050, RCW 80.28.060, WAC 480-100-028, and previous Commission orders in Docket UE-100749. In the filing, PacifiCorp requests a rate adjustment to recover \$5.2 million in over-credited revenues from the sale of Renewable Energy Credits (RECs).

PacifiCorp states that now that its appeal regarding historical REC revenues (January 1, 2009, through April 2, 2011) was resolved through a stipulation and one-time bill credit (Schedule 96) to customers in June 2014, the Company requests a true up of REC sales proceeds, net of amounts credited to customers, from April 3, 2011, through December 31, 2013. PacifiCorp requests to recover the \$5.2 million from customers through a monthly bill adjustment for a one-year period beginning November 16, 2014.

NOTICE IS HEREBY GIVEN That written responses to PacifiCorp's filing are due no later than 5:00 p.m., Friday, October 17, 2014.
