REQUEST NO. 1-1**

Request No: 1-1
Directed to: Scott Norwood
Date Received: December 22, 2011

Witness: Scott Norwood

SC 1-1: Reference the Direct Testimony of Scott Norwood in Dockets No. UE-111048 & UG-11049, lines 7, 13, 19, and 22 (on page 5) and lines 4 and 9 (on page 6) Mr. Norwood has identified a number of areas in which he believes PSE has misstated the costs and benefits of the Lower Snake River Phase I project:

- a. Please specify for which scenarios and wind build cases the dollar figures on these lines apply.
- b. Please clarify whether or not each dollar figure should be considered “additive” with each of the other proposed adjustments.

Response:

- a. The error referenced on page 5, line 7 of Mr. Norwood's testimony was made by PSE in the Business as Usual scenarios for each of the wind build cases listed in Figure 1 on page 4 of Mr. Norwood's testimony. The problems referenced on lines 13, 19 and 22 of page 5, and on lines 4 and 9 of page 6 of Mr. Norwood's testimony were included in all scenarios and wind build cases evaluated by PSE leading to the May 2010 selection of the LSR 1 project.
- b. The dollar figures provided represent estimates of the impacts of the referenced problems and are not necessarily completely additive.
