Description Dear Representative of WUTC:

We are writing to you as twenty year property owners and residents of the Rosario community. Please note that we are no longer members of the Rosario Property Owners Association because we are extremely supportive of the Rosario Resort, and Utility, and could not tolerate the negativity toward both which was and continues to be expressed by the Association.

We strongly support the acquisition of the Utility by Washington Water, and certainly hope that you are aware that the views of the Rosario Property Owners Association DO NOT reflect the feelings of ALL property owners in the Rosario community!

We are particularly concerned about the views of the residents of Orcas Highlands. As you know, they are a separate utility which purchases processed water from Rosario Utilities at a commercial rate. We totally accept the fact that a rate increase is necessary due to the age and maintenance needs of the Utility, and find it extremely difficult to comprehend why they, too, cannot accept this reality.

We urge you to approve the sale of Rosario Utilities, LLC to Washington Water, a fully qualified water company, and to set a rate

	<p>which will allow the Utility to function optimally so that all residents - present, and future - may continue to have quality water and quality maintenance of the water system.</p> <p>Thank you for your attention and persistence in resolving this problem.</p>
