### **Facility Operator**

**Department:** Colstrip Facility **Location:** Colstrip, MT

### START YOUR APPLICATION

#### **Description:**

The candidate will be responsible for the day-to-day operations and maintenance of the Tinuum facility located at the Talen Energy Colstrip Power Station, located in Colstrip, Montana. Operators work a 12-hour, rotating shift schedule that includes days and nights. We operate 24 hours a day, 365 days a year. There are opportunities for promotion after six months' and twelve months' of successful employment.

#### **Qualifications:**

The candidate must have a High School Diploma or GED equivalent, have a minimum of 3 years' experience operating, maintaining machinery and equipment (preferably at a power/industrial plant), good communication skills, and possess basic computer skills.

#### **Duties:**

- Operate and maintain the facility to meet the "coal up" requirements of a power plant.
- 2. Operate and maintain telehandler, skidsteer and other equipment.
- 3. Perform 30 minute visual inspections of equipment and facility to monitor and maintain proper and accurate application rates of products.
- 4. Coordinate with power plant personnel to maintain good communications and scheduling of facility operations.
- 5. Comply with all procedures, policies and requirements necessary to maintain a safe workplace.
- 6. Comply with all environmental rules, regulations, and reporting requirements.
- 7. Maintain product storage pile to facilitate the requirement of a consistent product via inventory rotation.
- 8. Demonstrates effective teamwork by being self-motivated, accepting of assignments and by completing assignments within established procedures.
- 9. Possesses the ability to follow oral and written instructions including operating manuals, procedures and policies

- 10. Demonstrates the ability to troubleshoot mechanical and electrical failures and perform emergency repairs to mechanical, electrical, pumping, heating and related equipment.
- 11. Perform preventive maintenance on all mechanical, pumping, heating and related equipment.
- 12. Record accurate, timely data and feed rates for products and the operation of PLC systems.
- 13. The candidate must have the flexibility and ability to work a 12-hour, rotating shift schedule that includes days and nights. We operate 24 hours a day, 365 days a year.

#### **Physical Demands:**

The physical demands listed are the essential job functions in order for the employee of this position to successfully perform this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. The employee will occasionally be required to:

- Lift or apply force to objects up to 50 pounds
- Walk, stand or sit for prolonged periods of time
- Frequently stoop, bend, kneel, crouch, crawl, climb, reach, twist, grasp, and make repetitive hand movement in the performance of daily duties
- Ascend/descend unusual heights on ladders
- Operate assigned equipment and vehicles
- Verbally communicate to exchange information
- Observe and/or inspect surroundings to assure safety
- Tolerate required personal protective equipment such as steel toed shoes, work gloves, safety glasses on a continuous basis
- Perform work in all types of weather and temperature conditions both in an indoor and outdoor coal yard environment

#### We believe....Cleaner Energy is Our Responsibility.

Renewable energy is our future. Right now, Tinuum's work is focused on making today's power production methods cleaner through our exclusive emissions-reduction technology. Read more at <a href="http://www.tinuumgroup.com">http://www.tinuumgroup.com</a>.

Tinuum Group, LLC provides proven technology that allows coal burning power plants to reduce NOx and mercury emissions with no upfront capital investment.

We are a company that works hard and plays hard. You will find an exciting culture in a small environment that invites you to create and challenge yourself in new ways. We offer world class benefits and perks....a "once in a lifetime" kind of culture!
