TO ALL PARTIES:

On February 19, 2016, the Washington Utilities and Transportation Commission (Commission) entered Order 06, Order Denying Joint Motion for Clarification, Denying Petition for Reconsideration, and Denying Motion To Reopen the Record in the above-referenced matters.

The Commission has subsequently become aware of three errors in Order 06. This errata notes and corrects the following errors:

Paragraph 11, penultimate line, is corrected as follows:

. . . these data inputs were utilized,–, and how, together, the results formed the basis for . . .

Paragraph 16, n. 16 is corrected as follows:

~~Id.~~ Joint Motion for Clarification ¶ 6 (emphasis added).

Paragraph 23, first sentence, is corrected to read as follows:

Avista states that it does not challenge the end result of the Commission’s order decreasing the Company’s electric revenue requirement by \$8.1 million, and argues that the decrease is within the “bounds of reasonableness” when compared to the Company’s recommendation of ~~a decrease~~ an increase in electric revenues of \$5.7 million and other parties’ recommendations for much larger decreases.
