1 On April 27, 2005, the Commission granted a request by PacifiCorp doing business as Pacific Power & Light Company (“PacifiCorp” or “the Company”) for an accounting order relating to the company’s treatment of environmental remediation costs.

2 The order directed the Company to report certain information, using the following language:

The due date of the reports shall coincide with the due dates for the Company’s quarterly results of operations. The first report will be submitted no later than May 15, 2005.

3 On May 12, 2005, the Company asked the Commission to extend until May 31, 2005, the deadline for its 2005 report, noting that its quarterly results of operation report is not due until the latter date.

4 We note that the information subject to report remains preliminary until the due date of its quarterly report, and that therefore the request is appropriate and should be granted.

**ORDER**

- 5 The Commission extends the due date of PacifiCorp's first report in this docket until May 31, 2005.

DATED at Olympia, Washington, and effective this 12<sup>th</sup> day of May, 2005.
