To Whom It May Concern:

I have received a letter regarding a requirement for a USDOT number for Disposal Services, Inc. This company is not active, but it has been kept open in case there is a need for it in the future. The company does not own or operate any vehicles and does not expect to in the near future; therefore, I have not completed the registration.

If further information is required, please do not hesitate to contact me at 360-384-8011.

Thank you,

Amanda Huchel
