Subject: Application for registration, Docket UT-050211

I have been assigned to review your company's petition for Telecommunications Companies Registration and Competitive Classification. However, I am unable to complete that review that petition as some of the required information was not filed.

What I need to proceed with my review is the price list. Please submit the price list as soon as possible -- via e-mail attachment. Please include the following: "Substitute Sheets for Docket UT-050211" in the subject line of your e-mail. The e-mail should be sent to <Records@wutc.wa.gov>.

Please feel free to contact me if you require information or have questions.

Cathie B. Anderson

Regulatory Analyst
