Re: Docket No. UT-051727 – Third Petition to Modify
Supplemental Circuits

Dear Ms. Washburn:

On November 30, 2005, the Commission approved Qwest's petition in this matter. Qwest hereby requests that the Commission deem Qwest's petition herein supplemented to include those circuits involving one or more of the independent companies named in the petition that have been, or are now, treated as noncontiguous foreign exchange (FX) circuits wherever those circuits have in the past been considered to be, or are now considered to be, a part of Qwest's designated toll provider obligation. Qwest's petition in this docket is hereby so amended, and Qwest requests that the Commission place this supplemental request on the next open meeting agenda for consideration.

In addition, this letter is to advise the Commission that Qwest and those independent companies named in the petition that jointly provide contiguous foreign exchange circuits involving Qwest are modifying the treatment of the contiguous foreign exchange circuits to be consistent with the changes requested in the petition.

Sincerely,

Lisa A. Anderl
