Reference: 2012 Annual Certification of Bundled Services – Docket UT-072101

Your company was granted minimal regulation of bundled telecommunications services under RCW 80.36.332 by a previous Order issued by the Commission. The Order contains a compliance requirement that the company must provide the Commission with an annual certification by an officer of the Company confirming that its packages or bundles of telecommunications services offered on a minimally regulated basis are in compliance with RCW 80.36.332.

In prior years this certification was included in the Annual Report. Due to the small number of companies required to provide this certification to the Commission, it is being sent by separate letter. This is not a new requirement and your company has completed this certification in prior years.

Please complete and file with the Commission no later than May 1, 2013, the attached certification and file one paper copy or electronic version of the enclosed form.

If you have questions, please contact the following:

Roger Hahn at (360) 664-1295 or rhahn@utc.wa.gov
