Re: Shuttle Express Inc. C-975 Docket # TC-121803

Attn: Dave Danner,

Shuttle Express would like to extend the effective date of our Tariff request to February 1, 2013. This is our third request to extend the effective date of our Tariff request and is the result of auditor questions related to the door to door portion of our Tariff request.

We are responding to all audit requests promptly and in great detail. Unfortunately, we are perplexed as to why an overall increase in our door to door fares of less than one percent has come under more scrutiny than any other filing in our 25 years of regulatory business. Shuttle Express submitted and was approved their last tariff request less than one year ago. Consequently, we believe this year the auditor has familiarity and experience with Shuttle Express which aids the filing process. Given the current economic condition of our state we assume it would be staff's best interest or even directive to accelerate the process. In fact, WAC 480-30-421 (1)(a) implies a general filing may not even need be done and (3) not be subject to the additional requirements of WAC 480-30-426 if the proposed regulated increase does not exceed 3%.

We would like to believe all parties are acting in good faith to comply with established guidelines and it is not an unreasonable expectation this filing be reviewed and approved without further extension requests.
