T-Mobile's basic Lifeline service offering provides consumers additional benefits. For example, calls to 911 and to customer service (dialing 611 from the mobile handset) will be free calls, regardless of whether the customer has sufficient remaining minutes available in their account, and those calls will not be deducted from the monthly included minutes or charged as additional minutes. Additionally, qualified consumers who subscribe to T-Mobile's Lifeline offering are not charged a fee for local number portability or the federal universal service fund. In addition to voice services, Lifeline customers will also have access to a variety of other standard features at no additional charge, including voice mail, caller I.D. and call-waiting services.

T-Mobile also offers Lifeline service through its Walmart Family Mobile (Family Mobile) offering which is made available to consumers as a T-Mobile product sold through an

³⁸ The \$6.49 per month discounted Lifeline rate is based upon a non-discounted rate of \$19.99 per month *minus* a \$13.50 Lifeline discount for non-tribal customers (\$19.99-\$13.50=\$6.49) or a \$18.99 discount for tribal customers (\$19.99 - \$18.99=\$1.00). In the *Lifeline Reform Order*, the FCC established a uniform Lifeline reimbursement of \$9.25 per month per eligible consumer. As such, the Company may revise the Lifeline discount available to eligible consumers to be consistent with the applicable reimbursement amount.

³⁹ Whenever minutes[®] are minutes that can be used at anytime and anywhere on T-Mobile's nationwide network.

⁴⁰ Weekend minutes are currently defined as midnight Friday to midnight Sunday, and nights are currently defined as 9:00 p.m. to 6:59 a.m. Monday-Friday, based on the start time of call.
