Re: Petition of Computer 5, Inc. d/b/a LocalTel Communications and SkyFi Wireless Internet

Dear Mr. King:

On January 16, 2015, Computer 5, Inc. d/b/a LocalTel Communications and SkyFi Wireless Internet ("LocalTel") filed a Petition for Designation as an Eligible Telecommunications Carrier (the "Petition"). The designation sought therein was conditioned upon LocalTel's receiving an award of funding under the Rural Broadband Experiments program of the Federal Communications Commission ("FCC").

When the Petition was filed, LocalTel was a next-in-line bidder in contention for receiving Rural Broadband Experiments funding. However, on February 3, 2014, the FCC released Public Notice DA 15-157, which limited the remaining bidders in contention for Rural Broadband Experiments funding to a list that excludes LocalTel. Accordingly, LocalTel will not receive the Rural Broadband Experiments funding upon which the Petition was conditioned.

In light of the FCC's action, LocalTel hereby voluntarily withdraws its Petition, without prejudice. LocalTel understands that the withdrawal of the Petition does not affect the confidentiality of information submitted by LocalTel in this proceeding, and will not negatively affect any petition that LocalTel may file in the future.

Very truly yours,

Davis Wright Tremaine LLP
