

CONFIDENTIAL FILING

August 25, 2015

VIA ELECTRONIC FILING SYSTEM

Mr. Steven V. King, Acting Executive Director and Secretary Washington Utilities and Transportation Commission 1300 South Evergreen Park Drive SW Olympia, WA 98504-7250

RE: 2015 Petition to Receive USF Support Revised Pages

Dear Mr. King:

MASHELL TELECOM, INC. DBA RAINIER CONNECT ("MASHELL"), a privately-held rate of return carrier receiving high cost support, has electronically submitted revised pages to the 2015 Petition to Receive USF Support to the Commission with redacted financial data. MASHELL respectfully provides the Commission with its confidential financial data so that all its reporting obligations are satisfied.

MASHELL, by its authorized representative, respectfully submits confidential information in compliance with WAC 480-07-160. MASHELL requests confidential treatment of certain information submitted with its annual reporting requirements as a privately-held rate of return carrier. The confidential information is required by WAC 480-123-110 and includes detailed financial information that is competitively sensitive. Disclosure of this confidential information would have a substantial negative impact on MASHELL. Such information would not normally be made available to the public for inspection because of the financial information and should be afforded confidential treatment under WAC 480-07-160.

As specified in the WAC 480-07-140, copies of the redacted confidential information are being filed simultaneously with the non-redacted confidential information. The redacted information for this filing and each page of the file where confidential information has been omitted is marked "REDACTED - FOR PUBLIC INSPECTION" and the confidential submission is marked "CONFIDENTIAL PER WAC 480-07-160".

Please feel free to contact me with any questions regarding this particular matter.

Sincerely,

Danielle Clauser

Danielle Clause, Controller For Mashell Telecom Inc. dba Rainier Connect

EXHIBIT 3

DEMONSTRATION OF RISK OF RATE INSTABILITY OR SERVICE INTERRUPTION OR CESSATION

The operating environment in which the Company finds itself has created a climate of great financial uncertainty. The Company has been working over the past several years to address growing competition. The Company has taken steps to increase the availability [and/or attributes] of advanced services offered by the Company, including broadband. This has resulted in the Company making additional investments [in regulated plant] of approximately \$2 million during the period 2011 through 2014. As a result, the Company has a substantial debt obligation to cover the investment that has been made. The Company has seen operating margins decrease by 15% since 2011. These decreases are attributed in large part to loss of local network services revenue and network access revenue.

The overall financial condition of the Company is detailed on other Exhibits to this Petition. What this information demonstrates is that, when adjusted to eliminate the support from the state Universal Communications Services Program that the Company received or accrued in 2014, the Company's total regulated revenue decreased by 11.8 percent from 2011 through 2014. The Company has looked for ways to lower expenses. However, much of the Company's operating expenses are fixed obligations, such as debt-related payments.

At the same time, the Company is seeing increased competition. For example, the Company has seen some migration of customers "cutting the cord" to move to wireless or other service as their sole method of telecommunications. Since 2011, the Company has lost 496 ILEC and 548 CLEC access lines. A loss of customers equates to a loss of revenue without a corresponding reduction in expenses or corresponding increase in rates. This trend of access line loss is exacerbated by the Federal Communications Commission's requirement that the Company has increase its rates to remain eligible for full federal USF support. Since 2012, the Company has increased its local exchange service rates in order to be in compliance with the national urban rate floor prescribed by the Federal Communications Commission. However, those increases have been insufficient to fully replace the revenues that have been lost due to the reduction in access lines. In addition, those rate increases have tended to stimulate a surge in disconnection of service by customers.

As an example of why state Program support is needed, the Company's receipt of revenue from the traditional Washington intrastate universal service access rate element and related pooling fund were terminated effective July 1, 2014. Since then, the loss of revenues derived from the traditional universal service access rate element has been off-set by revenues received by the Company as a result of its participation in the Program. Using 2012 as a base line, the Company is facing a loss of traditional universal service fund revenues of approximately \$69,116 per year if its participation in the Program is not renewed.

PETITION OF MASHELL TELECOM, INC. TO RECEIVE SUPPORT FROM THE UNIVERSAL SERVICE COMMUNICATIONS PROGRAM – EXHIBIT 3 - 1 As another example, some of the financial uncertainty that the Company faces stems from the USF/ICC Transformation Order issued by the Federal Communications Commission.¹ The USF/ICC Transformation Order has built in an automatic decline in the Company's intrastate and interstate access revenues. The intercarrier compensation portion of the Transformation Order introduces a concept of a base line year for calculating terminating access and reciprocal compensation revenues and provides support from the Connect America Fund ("CAF") based on the base line year. However, the base line year revenues (from which the level of CAF support is derived) are reduced iteratively by five percent each year. The CAF support reduction began in July 2012. Projecting through the calendar year 2016, including additional reductions that will occur July 1, 2016, the Company has seen a reduction in support from the base line revenue amount of approximately \$111,307 for 2016.

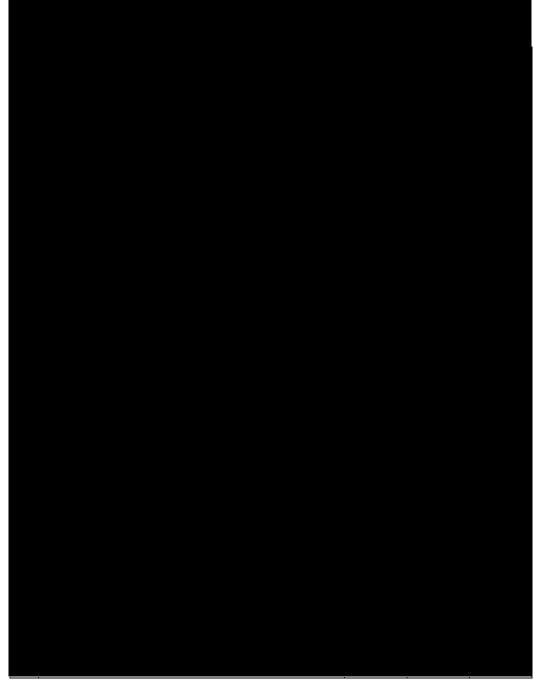

On top of all this, during the four-year period ended December 31, 2014, the Company has seen its Federal high cost loop support undergo a significant reduction, declining from \$571,335 in 2011 to \$227,426 in 2014. This loss has not been made up by increases in other federal USF support programs.

These factors, among others, have led to the strained financial condition of the Company as reflected in the financial reports that are part of the Petition.

The combination of factors noted above creates a situation in which, without support from the state universal communications services program, the Company may be faced with a choice of increasing rates further or reducing service in order to be able to match expenses to revenues. Neither choice presents a viable path for providing continued high quality service to customers. The dilemma presented by these choices reflects the risk of rate instability or service interruption or cessation to which the Company is subject.

¹ In the Matter of Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High-Cost Universal Service Support, Developing an Unified Intercarrier Compensation Regime, Federal-State Joint Board on Universal Service, Lifeline and Link-Up, Universal Service Reform - Mobility Fun, WC Docket No. 10-90, GN Docket No. 09-51, WC Docket No. 07-135, WC Docket No. 05-337, CC Docket No. 01-92, CC Docket No. 96-45, WC Docket No. 03-109, WT Docket No. 10-208, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011)(USF/ICC Transformation Order).

State USF Petition Filing Requirement -WAC 480-123-110 (1)(e) Prior Year Income Statement

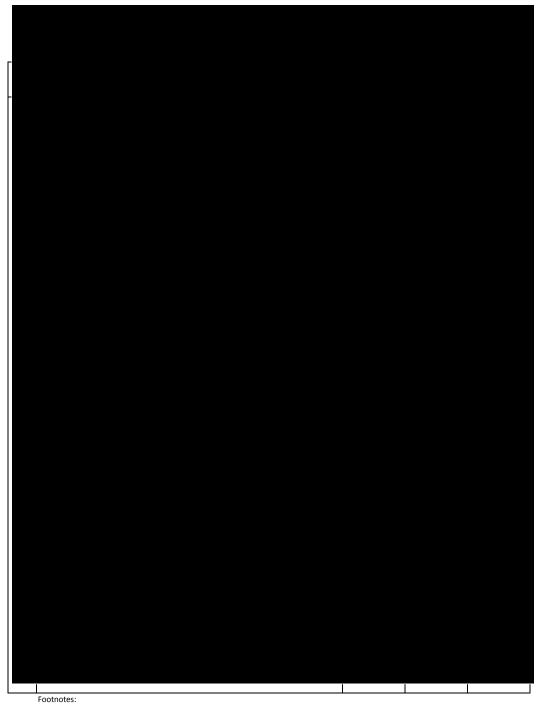

Footnotes:

- (A) As reported on RUS Form 479
- (A1) S Corps provide effective tax rate from Cost study on Page 8, Inc. Statement Summary Schedule Footnote
- (A2) Column A, Line 39 must equal Column A, Line 57 of Page 1, Balance Sheet
- (B) Part 64 adjustment from regulated to nonregulated
- (B1) Part 64 offset to nonregulated income (No Impact to retained earnings)
- (C) Corp. Op. Adj Exp. Reduction See Exhibit 7 of Petition which takes
 - () amount * 65% to Line 13a, Column C (Reduces total operating expense (L 14) and increases Operating Inc. (L15)

Explanation: Prior year numbers different from last years application because I entered all Part 64 adjustment this year and didn't include anything below Opearting Income or Margins last year. Also, the corporate expense adjustment was not included in last years filing. (C)
