ERRATUM TO ORDER 01

RE: *In the Matter of the Request of Puget Sound Energy Pursuant to WAC 480-93-020 for Approval to Operate New Piping at a Maximum Allowable Operating Pressure of 960 Pounds per Square Inch Gauge within 500 Feet of an Existing Structure Not Owned by Puget Sound Energy*
Docket PG-161272

TO ALL PARTIES:

On March 16, 2017, the Washington Utilities and Transportation Commission (Commission) entered Order 01, Order Approving Request (Order 01) in Docket PG-161272. It came to the Commission's attention that Order 01 contained an error. This erratum notes and corrects the following error:

Condition C in paragraph 5 of Order 01 incorrectly includes two references to “radiograph inspections.” The correct reference is to “non-destructive testing.”

Sincerely,

STEVEN V. KING
Executive Director and Secretary
