RE: *In the Matter of the Penalty Assessment Allied Resource Group, in the Amount of \$1,000,*
Docket D-220200

TO ALL PARTIES:

On August 18, 2022, Allied Resource Group was issued a \$1,000 penalty for a violation of RCW 19.122.040(2)(a). Allied Resource Group was provided the opportunity to suspend the \$1,000 penalty amount and ultimately waive it on the following conditions: a) that Allied Resource Group employees attend Dig Safe training provided through the National Utility Contractors Association (NUCA) within 45 days of the date of the penalty assessment; b) Allied Resource Group submit documentation of attendance of Dig Safe training within 5 days of attendance; and c) Commit no further violations of RCW 19.122 within the 12 months following the penalty assessment.

On September 7, 2022, the Commission received notification from Allied Resource Group that the company admitted the violation occurred and accepted the Commission's offer to suspend the penalty amount based on the stated conditions. The Commission received the required documentation of attendance of training on September 8, 2022. The Company has had no further violations of RCW 19.122.

The Commission agrees that Allied Resource Group has complied with the conditions required by the Penalty Assessment. The penalty is thus waived, and this docket is closed.
