RE: Tariff Submittal, Tariff Number 13, Harold LeMay Enterprises, Inc. dba Harbor Disposal and Eastern Grays Harbor Disposal, G-98

Dear Mr. Killip:

Our Company has been notified by Grays Harbor County Department of Public Services that the tipping fee at the Central Transfer Station will increase from \$127.69 to \$130.49 per ton, a 2.19% increase, effective January 1, 2025. We project this will increase revenue for the residential service by \$16,500 (0.83%); for commercial service by \$11,750 (0.90%); and drop box service by \$11,117 (2.19% pass through) for a 12-month period. There are approximately 7,300 residential, 1,000 commercial, and 80 drop box customers affected by this change.

The last general rate increase for Gray's Harbor Disposal was approved by the Commission, August 1, 2021.

Attached are revised tariff pages and supporting documentation containing the revised rates.

With this filing the company is also providing supporting documentation for the commodity price adjustment. Tariff page 20 is affected by this change.

The residential adjustment will change from a debit of \$2.51 to a debit of \$0.37, a reduction of \$2.14 per customer, per month. There are approximately 7,500 customers affected by this change.

Harbor Disposal and Eastern Grays Harbor Disposal do not currently participate in any county revenue share program.

We respectfully ask that this filing be accepted under LSN, per WAC 480-70-276 for customer notification. If the LSN is accepted and these rates are approved by the Washington Utilities and Transportation Commission, the rates will become effective on January 1, 2025. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of this change on the billing reflecting the revised rates.
