Conference Bridge Calling

(206)664-3846

Beginning February 23, 1994, the Commission will provide public access to the Commission Open Meetings via a Conference Bridge system. There are 12 lines available on a first-come, first-served basis. The conference bridge number is (206) 664-3846. This is not a toll-free number, and appropriate long distance charges will be billed to your phone account.

Please use the following guidelines when utilizing this system:

- ☎ At the point you are connected with the system ~~you will hear a beep~~. Please state your name. This will let others on the conference bridge know you are on-line. The system will also beep at the point someone disconnects from the system.
- ☎ If all lines are occupied, you will receive a busy signal after dialing.
- ☎ Your voice will not be heard in the hearing room, but will be heard by others on the system. Therefore, please keep conversations to a minimum. Also, the system is extremely sensitive and will pick up background noise.
- ☎ When you have concluded listening to the portion of the meeting you are interested in, please hang up promptly. This will enable others to utilize the system.

If you encounter a problem, please dial (206)753-6423 for assistance.
