Re: Basin Disposal, Inc.- G-118 General Rate Filing

Attached please find Original Tariff No. 95, as well as supporting documentation for a general rate filing and price adjustment. Please note that tariff pages have been added to this Original Tariff to reflect proper cost structure and recovery for customers in Benton County and the Hanford Reservation.

With this filing, we respectfully request the Commission approve a general rate increase to recover higher costs of general operating and capital investment costs.

Basin Disposal, Inc's last general rate filing was effective June 1, 2017.

If approved by the Commission, this filing will result in an increase of approximately \$1,460,000 or 38.76% for customers in Franklin County, Walla Walla County, and the Hanford Reservation. This increase impacts approximately 4,250 residential, 685 commercial, and 85 drop box customers. For customers in Benton County, this will result in a rate decrease of approximately \$91,000 or 3.45%. This decrease impacts approximately 4,600 residential, 360 commercial, and 45 drop box customers.

Included in this filing is our non-regulated operation, as our regulated and non-regulated operations share one facility and certain management costs. To protect certain non-regulated proprietary information, we are submitting this filing as confidential, and are filing in accordance with WAC 480-07-160.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than March 31, 2023.

A copy of this letter is being sent to the Chairmen of the Franklin County, Walla Walla County, and Benton County Board of Commissioners.

If there are any questions please contact me at 509-544-7709 or Francisco@BasinDisposal.com.

Yours truly,

Francisco Alcalá
