RE: Tariff Submittal, Tariff Number 25, for Murrey's Disposal Co., Inc./Olympic Disposal, G-9. Please do not re-docket TG-240911

Dear Ms. Killip:

On November 14, 2024, the company submitted a disposal increase filing due to Jefferson County notifying the company of an increase set to go in effect January 1, 2025. The docket for this filing is TG-240911.

Since that time, the Company has been informed that TG-230778 rates will be approved prior to January 1, 2025. The Company has updated the attached calculation and Tariff to reflect these rates.

The updated expected increase revenue and expense for the residential customers by approximately \$10,800 (0.72%); commercial customers by \$10,700 (0.84%); and drop box service by \$6,200 (2.50%) for a 12-month period. There are approximately 4,500 residential, 800 commercial and 28 drop box customers affected by this change. Customer counts were audited in TG-230778.

The last general rate increase for Olympic Disposal was approved by the Commission, June 1, 2011. The Company currently has an open general rate case under TG-230778.

Attached are revised tariff pages and supporting documentation containing the revised rates. An LSN has previously been submitted by the Company.

If you have any questions regarding this filing, please contact me at (360) 566-6925, via email at Brian.vandenburg@wasteconnections.com.
