**WUTC STAFF DATA REQUEST NO. 087:**

Does PSE acknowledge that the testimony of Mr. Cebulko, which PSE quotes in MBM-7T 18:1-12, relates only to all "high efficiency air source heat pump" customers, and not all leasing customers of all products?

**Response:**

Mr. Cebulko provides a specific reference to a "high efficiency air source heat pump" in his testimony, as referenced above. However, he first inaccurately states, on page 25, lines 6-7, that "PSE will charge customers a common lease rate within a single appliance category for a variety of sizes and models of the appliance," without specifying a type of equipment. Therefore, although he provides a singular example of an air source heat pump, the inaccurate statement should be taken in the broad context in which it was made.
