Re: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*, Docket UE-144160

TO ALL PARTIES:

On November 12, 2015, the Washington Utilities and Transportation Commission (Commission) entered Order 04 in Docket UE-144160, Final Order Rejecting Tariff Sheets; Resolving Contested Issues; Authorizing and Requiring Compliance Filing (Order 04). Order 04, among other things, rejected tariff proposals by Pacific Power & Light Company (Pacific Power or Company), required the Company to file a revised Schedule 37 that includes a separate payment for capacity based on one-fourth of the cost of a SCCT, and authorized the Commission Secretary to approve by letter, with copies to all parties, revised tariff sheets that comply with the requirements of Order 04.

On November 25, 2015, Pacific Power filed the following revised tariff sheet: Fourth Revision of Sheet No. 37.2—Schedule 37—Avoided Cost Purchases for Cogeneration and Small Power Production. After reviewing the revised tariff sheet, the Commission issued a compliance letter on December 11, 2015 that asked the Company to file replacement sheets with an effective date no earlier than December 12, 2015. The Company complied by filing revised tariff sheets on December 14, 2015, that included an effective date of December 15, 2015.

The Commission has examined the revised compliance filing and accepts it as meeting the terms of Order 04 and in the compliance letter dated December 11, 2015.

Sincerely,

STEVEN V. KING

Executive Director and Secretary
