OF PENDING TARIFF MATERIAL**

File No: WAC 11-12A
State: Washington
Issued Date: April 29, 2011
Proposed Effective: May 29, 2011

On April 29, 2011 CenturyLink filed revisions to the CenturyTel of Washington Inc. Access Tariff (WN U-8) in compliance with Order 14 in Docket No. UT-100820. This filing generally reduces the intrastate switched access rates for CenturyTel of Washington, Inc. to mirror the intrastate switched access rates and rate structure of the Qwest ILEC tariff (WN U-44) in the state of Washington. However, there are limited instances where an individual rate element reflects an increase from its current level in order to comply with the Commission's order requiring a mirroring of the Qwest intrastate switched access rates and rate structure. Please refer to CenturyLink's tariff filing for the specific rate changes associated with this filing.

In accordance with the provisions of Order 14 in Docket No. UT-100820, the proposed effective date of these changes is May 29, 2011.

Should you have further questions regarding this change, please contact your account manager.
