## **R000101-032020 Responses**

1. Please provide a list of all companies permitted or certificated by the Utilities and Transportation Commission (UTC) under RCW 81.77.040 or RCW 81.77.110. If the list on the UTC's website under "Solid Waste Company Tariffs" at

<https://www.utc.wa.gov/regulatedIndustries/transportation/solidWaste/Pages/SolidWasteCompanyTariffs.aspx> is the complete list, please confirm that fact. However, if there are other permitted or certificated solid waste companies that operate without filed tariffs, please provide a list of those. The Solid Waste Company Tariffs list includes the UTC certificated companies. Please note that some company applications are in pending status: ADE Dumpsters LLC, Ridwell, Inc., and Westside Waste LLC.

2. Please provide any permits or certificates for the company 1-800-GOT-JUNK, whether issued under RCW 81.77, RCW 81.80, or any other governing statute. If it is permitted, please provide a copy of the permits or certificates issued to that company and any accompanying docket number. If the company is not permitted or certificated, please provide any documents that describe why 1-800-GOT-JUNK is not.

Not found in Cases or Companies

3. For each of the following companies:

Please provide the following information: (1) The docket number or numbers related to such permits or certificates, including docket numbers other than those provided above if they exist. (The docket numbers in parentheses were obtained by a "docket search" of those company names. I do not know if those are the only docket numbers associated with those companies.)

(2) The permits or certificates issued to each company. If the permit or certificate is available on the Commission's online records center under the relevant docket number, please so indicate and then there would be no need to provide a copy.

(3) Any documents reflecting whether the company has been engaged as a solid waste hauler under RCW 81.77.
