August 3, 2009

Elizabeth,

This letter is in response to the Stanwood Siding Extension and Crossover Project. I'm still concerned over the possible closure of the crossing at 292<sup>nd</sup> St NW (Logen Road) and the limited access for emergency vehicle if the crossing is closed. My other concern is if something should happen while a train is sitting on the siding. For example if someone should have a medical emergency on the Amtrak train or freight train or a spill or fire should accrue while a train is sitting on the siding and having very limited access to the area.

Sincerely,

Dale Fulfs  
Fire Chief
