Re: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*, Docket UE-100749

TO ALL PARTIES:

On December 12, 2014, the Washington Utilities and Transportation Commission (Commission) entered Order 16 in Docket UE-100749, Rejecting Filed Revision to Schedule 95 and Authorizing Alternative Recovery of Over-Credits of Renewable Energy Credit Sale Proceeds (Order 16). Order 16, among other things, rejected tariff proposals by Pacific Power & Light Company (Pacific Power or Company), and authorized the Commission Secretary to approve by letter, with copies to all parties, revised tariff sheets that comply with the requirements of Order 16.

On January 30, 2015, Pacific Power filed the following revised tariff sheet.

Second Revision of Sheet No. 95.1	Schedule 95	Renewable Energy Revenue Adjustment
-----------------------------------	-------------	-------------------------------------

The Commission has examined the filing, and it appears to comply with the terms of Order 16.

Therefore, in accordance with Order 16, the tariff sheet indicated above will become effective as filed on the effective date of the tariff filings Pacific Power makes in compliance with the final order in Docket UE-140762. The Commission and the Company expect this effective date will be March 31, 2015.

Sincerely,

STEVEN V. KING  
Executive Director and Secretary
