Re: Docket No. UT-960310
Request for Approval of Amendment to the Interconnection Agreement between
Qwest Corporation and MCImetro Access Transmission Services LLC

Dear Ms. Washburn:

In accordance with WAC 480-07-640, Qwest submits three copies of the following agreement for Commission approval: Business Escalation Agreement between Qwest Corporation (“Qwest”) and MCI Worldcom Network Services, Inc. and its affiliates (which includes MCImetro Access Transmission Services, LLC). This agreement implements terms and conditions for executive level meetings between the parties and business escalation procedures. Please note that the parties only executed one original agreement and only copies are available for filing with the Commission. Please also note that this agreement is not confidential and the confidential and proprietary footer was inadvertently included on the document.

To the extent this Agreement covers the resolution of disputes regarding Section 251 services, this document is being submitted for Commission approval pursuant to 47 U.S.C. §252(e) and WAC 480-07-640 as an amendment to the interconnection agreement between Qwest and MCImetro Access Transmission Services. To the extent that this Agreement covers the resolution of disputes unrelated to Section 251 services or Qwest’s obligations under the Telecom Act of 1996, this Agreement is being submitted for informational purposes only.

The enclosed agreement does not discriminate against non-party carriers. It is consistent with state and federal law, and is in the public interest. Qwest respectfully requests that the Commission approve this agreement expeditiously.

Sincerely,

Adam L. Sherr
