**Re: Replacement Appendix E to 2023 Electric Progress Report
UE-200304**

Dear Ms. Maxwell:

On March 31, 2023, Puget Sound Energy (“PSE”) filed its 2023 Electric Progress Report (“Report”) on the 2021 Electric Integrated Resource Plan in the above-referenced docket.

It has come to PSE’s attention that Appendix E to the Report, Conservation Potential and Demand Response Assessments, did not include the Conservation Potential Assessment from Cadmus Group. Consistent with PSE’s Report filed March 31, attached for filing please find Appendices A-L with the replacement Appendix E incorporated. Appendix E is the only change to Appendices A-L.

If you have any questions about the information contained in this filing, please contact Phillip Popoff, Director, Resource Planning Analytics, at (425) 462-3229. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

/s/ Jon Piliaris
