4. This Petition to Intervene is submitted pursuant to WAC § 480-07-355. As required by WAC §480-07-145(2) (d), NWIGU has provided this Petition by electronic mail. In support of this Petition to Intervene, NWIGU states the following:
5. NWIGU is a nonprofit association comprised of thirty-eight end-users of natural gas with major facilities in the states of Washington, Oregon and Idaho. NWIGU members include diverse industrial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics and aerospace. The association provides an information service to its members and participates in various regulatory matters that affect member interests. NWIGU member companies purchase natural gas sales and transportation services from local distribution companies (“LDCs”), including Avista Corporation d/b/a Avista Utilities (“Avista”).
6. On March 23, 2010, Avista filed with the Washington Utilities and Transportation Commission (“WUTC”) a request for a general rate increase for both electric and gas service. Avista requests an electric rate increase of \$55.36 million or 13.4 percent, and a gas rate increase of \$8.5 million or 6.0 percent.

7. Avista's request for authority to charge higher rates for its natural gas services will impact the interests of NWIGU member companies. NWIGU members have a direct and substantial interest in Avista's request for authority to increase the rates charged to natural gas customers. No other party can adequately represent NWIGU member companies' interests, and the Commission's determination in this proceeding will directly affect NWIGU member companies.

8. NWIGU reserves the right to propound data requests, review responses to data requests, submit testimony and exhibits, call witnesses, cross-examine all witnesses called by other parties and submit any written arguments and motions that may be appropriate to represent its interests in these proceedings.

9. NWIGU's participation in these proceedings will assist the Commission in resolving the issues in these proceedings and will not unreasonably broaden the issues, unduly burden the record, or delay these proceedings.
