Complainant,

v.

PUGET SOUND ENERGY

Respondent.

Docket PG-160924

**FIRST EXHIBIT (PROFESSIONAL QUALIFICATIONS) TO THE
PREFILED RESPONSE TESTIMONY OF**

DUANE A. HENDERSON

ON BEHALF OF PUGET SOUND ENERGY

MAY 8, 2017

1 **PUGET SOUND ENERGY**

2 **FIRST EXHIBIT (PROFESSIONAL QUALIFICATIONS) TO THE**
3 **PREFILED RESPONSE TESTIMONY OF DUANE A. HENDERSON**

4 **Q. Please state your name and business address.**

5 A. My name is Duane A. Henderson. My business address is 10885 N.E. Fourth
6 Street, Bellevue, Washington, 98009.

7 **Q. By whom are you employed and in what capacity?**

8 A. I am the Manager Gas System Integrity for Puget Sound Energy ("PSE").

9 **Q. What are your duties as Manager Gas System Integrity?**

10 A. As Manager Gas System Integrity, I am responsible for developing strategies and
11 overseeing the formation of programs and plans to ensure the gas system is
12 inspected and maintained in a safe manner that is compliant with appropriate
13 codes and regulations. This includes the development of written integrity
14 management programs. Additionally, I am responsible for the development of
15 capacity and maintenance plans and associated budgets for PSE's natural gas
16 delivery system.

1 **Q. Please briefly describe your education and training.**

2 A. I have over 30 years of experience working in the gas and electric utility industry,
3 beginning my career in 1985 working for then-Washington Natural Gas ("WNG")
4 as a Staff Engineer. I held several staff and management positions in WNG's
5 corporate engineering department, with primary responsibility for safety
6 regulations, compliance and material quality. In 1997, WNG merged with Puget
7 Sound Power & Light to form PSE. Since the merger, I have held the position of
8 Manager, Standards and Work Practices, Manager, Quality Assurance and
9 Inspection, and Manager, Engineering. I have been responsible for engineering
10 standards and design, regulatory compliance, operations training, mapping and
11 employee safety for PSE's gas and electric operations.

12 I received a Bachelor of Science Degree in Architectural Engineering from the
13 University of Colorado in 1985 and am a licensed professional Civil Engineer in
14 the state of Washington. I am also active on several American Gas Association
15 engineering and technical committees.
