Dear Mr. McCullough:

On June 9, 2004, the Washington Utilities and Transportation Commission approved a disbursement from the Grade Crossing Protective Fund (GCPF) for your proposed safety improvements in Dockets TR-040284 and TR-040285. Copies of the orders are attached.

Please note the conditions of the grant that are listed in the orders, including conforming to the specific scope of work, the process for seeking reimbursement, and the project completion deadline. Failure to meet these conditions may result in forfeiture of the GCPF grants.

Commission Staff may contact you periodically to receive updates on your project, and to ensure that your project is progressing. If you have any questions regarding the WUTC order or the GCPF program, please contact Ahmer Nizam at (360) 664-1345, or Sally Turnbull at (360) 664-1230.

Thank you for participating in this important program that will help to improve safety along rail lines in Washington State. We look forward to working with you.

Sincerely,

Carole J. Washburn
Executive Secretary
